## YANKEE PLUCK AND INGENUITY SAVE SHIP

### KEEP STOKERS AT WORK WITH DRAWN WEAPONS PASSENGERS LOCKED UP

### THOUSAND TO ONE CHANCE IS WINNER

Liner Potomac Catches Afire After Leaving Bremen—Crew Rush Boats Only to Be Driven Back—Captain of Ship Tries Trick Learned in World War and Saves Vessel

NEW YORK, March 18.—A thrilling tale of fire at sea with 104 panic-stricken men and women locked in their staterooms and stokers held at their posts by drawn pistols was related by passengers of the United States Liner Potomac when she arrived here today from Bremen.

It was a tale of Yankee pluck and ingenuity—of a skipper's refusal to give up his ship until every hope had been abandoned and of his acceptance of the "thousand to one chance" which averted a catastrophe.

The fire was discovered at midnight March 2, a few hours after the Potomac sailed from Bremen up the coast of Holland into the North Sea. Suddenly, with howls of warning the Spanish and Filipino stokers started for the life boats.

Officers, with drawn revolvers ordered them back to the fire room, which had become an inferno of smoke, with flames billowing from an adjoining compartment where mattresses, life preservers and ship's stores had mysteriously taken fire.

### FIDDLING MILLER OF DALLAS DEAD AT EIGHTY FOUR YEARS

Had Operated Mill Near Kansas City for Over 70 Years

KANSAS CITY, March 18.—Stubins Watts, the fiddling miller of Dallas, is dead. He was 84 and the mill on Indian Creek, 12 miles south, where man and boy had ground corn for 70 years, was even older. It was built by his father, Anthony Watts in 1830 and Indians and pioneers carrying long rifles and wearing coon skin caps were its first customers.

In early days the miller was famous as a fiddler and no dance in the neighborhood was possible in the neighborhood without him.

"They had real dances in those days," Stubins Watts used to say. "Folks came from twenty, thirty, fifty miles away and we always danced all night and at Christmas the dance went on all next day."

"We played good tunes too," "Leather Breeches" and "Turkey in the Straw." "Give the Poor Fiddler a Drum" were the names of some of 'em.

"I heard one of these foreign fellows in a concert. Guess he was a fine musician, but it didn't sound like fiddling to me. Sounded like an old hog stuck under a gate."

Except for four years when he was away in the Confederate army, Watts had spent his life in the old Watts homestead and mill beside Indian creek. A son, Edgar, will continue to run the mill.

The pioneer was a descendant of Daniel Boone.

### JUROR CHARGED WITH CRIMINAL ACTS

CHICAGO, March 18.—Revelation of the identity of a juror in the trial of William Quesse, union leader, as having been previously arrested charged with criminal acts, marked today's investigation by the special grand jury into recent cases.

The Quesse juror, who is under arrest, was named as Theodore Lodin, State's Attorney Crowe declared the man had been arrested several times in criminal cases but did not make public the present charges against him. Quesse was acquitted recently when tried on charges of conspiracy.

State's Attorney Crowe also demanded an investigation by the grievance committee of the Chicago bar association of the conduct of W. W. O'Brien, George Guenther and Joseph Z. Wilner, attorneys, in connection with the recent acquittal of Thomas Walsh, labor leader, on charges of slaying Adolph Georg, a saloon owner.

### FIELD MARSHALL DENOUNCES LLOYD GEORGE'S POLICY

Tells Craig to Get English, Scotch and Welsh With Him

BELFAST, March 18.—The advice of Field Marshal Sir Henry Hughes Wilson, member of parliament for North Down, on the restoration of order in Ulster was given to Sir James Craig, Ulster premier, today in the form of a letter is regarded in political circles as a short but hard manifesto.

The letter opens with a denunciation of the policy of Premier Lloyd George which, it declares, has reduced the twenty-six counties of south and west Ireland to "a welter of chaos and murder difficult to believe and impossible to describe," and to a state of unrest, speculation and lawlessness "which has spread over the frontier into the six counties of Ulster."

Field Marshal Wilson's communication describes it as "laughably impossible to believe that the Lloyd George government can re-establish law and order in Ireland."

The letter then outlines the writer's plans, the first object of which is to win the British people to the side of Ulster.

"There never was a more fair-minded and generous people," it says, "than the English and Scotch and Welsh. \* \* \* Tell them the real truth of what is now going on in the south and west and what is really passing in Ulster. Get those Britons on your side, for with Britain with you, there is nothing which cannot be done."

Among the suggestions made in the letter are:

1. Considerable alterations in the commands and administration of all armed forces, including the specials.

2. Re-class and re-adjust the various categories of the police and greatly strengthen some of them.

3. Re-draft the laws for carrying arms.

4. Take increased powers for rapid and drastic action against illegal importation and carrying of arms, bombs, etc.

### WILL BUILD BIG ELECTRIC PLANT

ST. LOUIS, Mo., March 18.—Erection of the first unit of an electric generating plant the ultimate cost of which will total \$25,000,000 by the Union Electric Light & Power company will be started within the next 60 days, it was announced today. It will be built a short distance south of East St. Louis, Illinois at a cost of \$10,000,000.

The company supplies the city with electric power. Probability of electrifying railroads in the future was given by L. G. Hagen, president of the company as the chief reason for planning the huge power plant.

### MUSICIANS CLUB IN CHICAGO BOMBARDED

CHICAGO, March 8.—The fourth bombing of the week wrecked the offices of the Musicians Club and caused a near panic among guests of the Washington hotel and the Elks Club which were nearby.

Club members expressed the belief that internal club caused the bombing. The explosion tore a hole in the floor of the club and set afire the planking. The flames were extinguished before great damage resulted.

### MANUFACTURER GETS EIGHT YEARS IN JOLLET

Chicago, March 18.—William Johnston, a wealthy manufacturer was sentenced to eight years in the Joliet penitentiary today on charges preferred by two girls. His attorneys asked that mercy be shown the man an account of his age 44 years, and because he pleaded guilty. His wife and a 20 year old son were said to be in California.

### SOLDIER BONUS TO BE REFERRED BACK TO THE PRESIDENT

Mondell Announces He Has Requested Conference Tonight

WASHINGTON, March 18.—The soldiers' bonus muddle is to be referred to President Harding again. Republican Leader Mondell announced today that he had requested a conference with the executive for tomorrow evening after the latter's return from Florida. He said he would be accompanied to the white house by such other members of the house handling the bonus legislation as the president might wish to consult.

It was reported that Mr. Mondell would seek to obtain the president's views on the compromise bill with its bank loan provisions in lieu of a cash bonus as well as his opinion as to whether the measure should be called up Monday under a suspension of the rules as most house leaders desire.

Mr. Mondell's announcement followed a conference between Speaker Gillette and 27 Republican house leaders arranged primarily to discuss the question of procedure in considering the bill. Mr. Gillette announced afterward that he would not make up his mind before Monday as to whether he would entertain a motion to suspend the rules and pass the bill.

The conference in the speaker's office was behind closed doors. Mr. Mondell, declared as official spokesman, made this statement:

"We discussed the question of the bonus in all its phases fully, freely, good naturedly, but did not reach any definite conclusion or make any definite agreement."

Has Nothing to Add.

Chairman Fordney of the ways and means committee said he had nothing to add.

"I want to call up the bill just as soon as possible," he said, "it's going to be passed quickly. I don't think we will change the cross of a 'T' or the dotting of an 'i'. We have a good bill."

Representative Lindbergh of California who holds a petition bearing a sufficient number of signatures of house majority members to assure the calling of a party conference for Tuesday evening attended the conference with the speaker and also had a long talk with Mr. Mondell.

Mr. Lindbergh is withholding the presentation of his petition explaining that he hoped it would be possible to achieve without a conference the things that he and other signers expected to accomplish thru a party measure.

Besides Mr. Mondell and Mr. Lindbergh, Representatives conferring with Speaker Gillette included Pees of Ohio, chairman of the Republican congressional committee, Chairman Campbell of the Rules committee; Chairman Tinker, of the agricultural committee; Chairman Madden of the appropriation committee; Representative Towner of Iowa; Mann of Illinois and Sanders, Indiana.

Members of the ways and means committee present included, Fordney, Michigan, Green, Iowa; Copley, Illinois and Frear, Wisconsin.

Preparation of minority reports on the bonus bill by both Democratic and Republican members of the ways and means committee went ahead today but they will not be presented until Monday.

### PEORIA BOY FREED OF MANSLAUGHTER CHARGE

PEORIA, Ill., March 18.—Lyman Baker, 16 years old son of one of the wealthiest men in Peoria, was today freed of charges of manslaughter in connection with the death of Betty Scherer, 4 years old, by a grand jury. Parents of the child who was killed by an automobile driven by Baker told the grand jury they did not want to hold the boy responsible for the death.

A settlement has been reached out of court, the boy's father, Murray M. Baker, vice-president and general manager of the Holt Manufacturing company, paying the parents of the child \$10,000.

### OBSCURE JURY STILL DEADLOCKED

Los Angeles, Cal., March 18.—The deadlock in the jury in the case of Mrs. Madalyn Obchain, charged with the murder of J. Belmont Kennedy, continued tonight and at 9:20 o'clock the eleven men and three women jurors were locked up for the night. They had been out about 23 hours.

### BRIEFS SENATE STARTS OVER AGAIN IN TREATY DEBATE

Finish Argument Then Go Back and Start in Again

WASHINGTON, March 18.—The whole field of controversies centering about the arms conference was reviewed anew in the senate today during an all day debate on the four power Pacific treaty. The treaty's supporters joined battle directly with its irreconcilable opponents and a score of senators and fully as many issues of the treaty fight were drawn into the argument. Senator Robinson, Democrat, Arkansas, started the oratory with a speech supporting his amendment to pledge the four signatory powers against secret diplomacy. He was seconded by Senator Johnson, Republican, California, who asked why the Franco-Japanese alliance as well as the Anglo-Japanese alliance had not been terminated by the four power pact and later Senator Borah, Republican, Idaho, joined in with an assault on the Shantung settlement as an example of the sort of diplomacy with which, he said, the United States should not associate itself.

When the discussion drifted to the usual limitation treaty and its fortifications prohibition Senator Poindexter, Republican, Washington, defended the conference as a real accomplishment, and when the Shantung agreement was assailed Senator Lenroot, Republican, Wisconsin, read portions of the Shantung treaty to support his argument that the conference had produced a great deal of actual benefit to China.

Prepared Addresses Given.

Prepared addresses supporting the four power pact were made by Senators Jones, Republican, Kansas, and Capper, Republican, Kansas.

The manner in which the treaty was negotiated, the charge that insufficient information had been supplied the senate and the failure to include outside powers in Pacific conferences involving their interests were among the questions brought into the debate. One issue was raised by Senator Shields, Democrat, Tennessee, who declared that the British ambassador, Sir Auckland Geddes, had been quoted in a speech in Los Angeles as virtually saying that a war in the Orient had been averted by negotiation of the new treaty. Senator Robertson declared that if it were true Japan had been preparing to attack American possessions in the Pacific it would be hard for him to support either the four power or naval treaty.

The day's discussion dampened the hope of some senators, who had hoped to lay the treaty aside during the first days of next week in order to give attention to legislation.

Tonight it was considered likely that interest would be sufficient to keep the discussion going practically without interruption until a final vote is taken Friday.

YOUNGSTOWN, O., March 18.—Schedules of steel operators for the next week, as announced by mill officers in the Youngstown district today, show a decided increase with operation to be at about 65 percent of capacity much the highest point reached in more than a year. Orders have been received at Farrell, Pennsylvania, for reopening eight open hearth furnaces there of the Carnegie Steel Company, which have been idle for a year.

YOUNGSTOWN, O., March 18.—The Youngstown Sheet and Tube Company has declared a quarterly dividend of fifty cents a share on common stock and \$1.75 on preferred, the same rate in each case as for the last quarter. The dividend is payable April 1 to stockholders of record March 20.

CHICAGO, March 18.—John Hamlin of Belleville, Illinois today was named by Attorney General Brundage of Illinois to be assistant attorney general in charge of all state prosecutions in Sinclair county until a state's attorney can be elected. The former state's attorney there died recently.

The Rock Island will install radiophones on its Pacific coast thru train out of Chicago if the plan is found practicable, it was announced today. Tests are being conducted by radiophone companies.

NEW YORK, March 18.—Charges against officials of the Western Cotton Exchange, made during the John Doe investigation of bookshells by the district attorney's office, will be presented to the grand jury, District Attorney Banton announced today after a telephone conference with Chief City Magistrate McAdoo who heard the original complaints.

DENVER, Colo., March 18.—Dr. D. MacDougal King, brother of W. L. MacKenzie King, premier of Canada, died at his home here today following an extended illness. Dr. King was the author of several medical text books. He had resided in Colorado for more than 15 years.

NEW YORK, March 18.—The actual condition of clearing house banks and trust companies for the week shows that they held \$49,160,320 in excess of legal requirements. This is an increase of \$10,758,680.

KANSAS CITY, Mo., March 18.—Three bandits took \$9,000 from Lee V. Williams, cashier of the Inter-City State Bank and Charles James, its teller as they were returning from an up-town bank this morning. The bandits in an automobile crowded the bank officials car to the curb. Williams and James reported and pointed revolvers at them. Two of the bandits were masked.

CHICAGO, March 18.—Secretary of Labor Davis passed thru Chicago for Aurora today enroute to Mooscheart, Ill., to attend a meeting of the board of directors to discuss admission of children to the Moose home. He refused to discuss the coal strike situation. Secretary Davis will go to Washington on Sunday night.

WARRENSBURG, Mo., March 18.—Miss Stella Stillwell, former secretary to the president of the Central Missouri State Teachers college, here ended her life yesterday by hanging herself with a bed sheet at the Nevada state hospital.

### POLICE CAPTURE YOUNG ELOPERS

KANSAS CITY, Mo., March 18.—When George Kieselbach, 15, stopped at 4 o'clock this afternoon to ask tow policemen the road to Joplin, Mo., he made his big mistake, at least that is George's opinion. The police took him and Luella Starns, 14, who cried and said she wanted to go home to her mother, to the station.

George told the police he had stolen a small automobile, changed the license numbers, climbed into Luella's bedroom window and waked her up, and while she was dressing stole \$31 out of the trousers pockets of her sleeping step-father to finance an elopement to Joplin, where he planned to marry her.

Luella said she threatened to kill her if she didn't get up and come along. George says he didn't—that Luella came of her own free will.

George says he is a "graduate" of the state reformatory at Booneville.

### CIVILIAN GUARDS REPLACE MARINES

Chicago, March 18.—Armed civilian guards today replaced the marines who have been guarding the United States mails here for the past few months. The change was believed to have been sanctioned from Washington to give the postmaster complete control of the mail, the marines having been subject to army discipline.

BUFFALO, N. Y., March 18.—Hal Cutbill, the "flying parson," track captain of the Boston A. A. track team, broke the indoor and outdoor world's records for the 1000 yard run here tonight at 1:00 a.m. on the 174th regiment armory. Cutbill's time for the distance was 2:12.

### YACHT PATRICIA IS RELIEVED OF LIQUOR AND THEN RELEASED

Orders for Release are Issued by Chief of the Narcotic Division and Acting Federal Prohibition Officer—Claim Liquor Was Sealed Before Entering American Port

MIAMI, Fla., March 18.—Seized, stripped of 500 cases of liquor by customs officials and finally released on orders of Colonel L. G. Nutt, chief of the narcotic division of the internal revenue bureau and Acting Federal Prohibition Commissioner Swanson, the \$200,000 yacht, the Patricia, will clear for her home port, New York, at daybreak tomorrow. The Patricia was raided early today by customs men as she lay in Biscayne Bay. The liquor was taken to a warehouse and will remain there pending further action.

Edwin W. Shewan, brother of the yacht's owner, wired Attorney General Daugherty that the crew was under British registry and the liquor had been properly sealed before it entered an American port and therefore was exempt from interference.

Several hours later Colonel Nutt conferred with Mr. Shewan. It was then freed from custody after having been under guard all day.

The Patricia was seized in the harbor at Monterey, Cal., about a year ago by prohibition agents who also took its cargo of liquor ashore.

James Shewan's protest at that time resulted in the release of the liquor because of the vessel's British registry.

Edwin Shewan tonight declared that the incidents were identical.

He asserted that the liquor was inspected and sealed by customs officials on the arrival of the boat here Monday and that in seizing it they were breaking their own seal. The yacht carries an American flag but it was said by a special act of congress which extends this courtesy to vessels under foreign registry altho she claims New York as her home port.

### MEMPHIS SUBURB IS ROCKED WHEN TANKS EXPLODE

Two Tanks of Gasoline Explode But No One is Killed

MEMPHIS, Tenn., March 18.—Hollywood, a Memphis suburb, was rocked late today by the explosion of two tanks of gasoline at the plant of the Royal Refining company. A number of employees sustained minor injuries or burns but no fatalities occurred as almost all the employees had left the grounds. The fire which followed the explosions was soon brought under control.

The principal explosion occurred when the fire reached a 32,000 gallon gasoline tank which had been partially emptied and which was said to contain not more than 10,000 gallons of gasoline. The big tank collapsed a few minutes after the explosion and blazing oil spread in all directions, but only a few sheds and small buildings were destroyed, the main part of the plant being saved.

The fire originated with the explosion of a wagon tank which was being filled. The driver of the tank, who could give no explanation as to the cause of the explosion, was thrown some distance, but was only slightly bruised. A smaller gasoline tank also caught fire and flames jumped to the big storage tank which exploded.

Officials of the company tonight were unable to give any estimate of the damage.

### RATIFICATION OF TREATIES WILL BE GREATEST STROKE

Wickersham Says Four Power Treaty is Keystone Arch

CHICAGO, March 18.—Experience and the history of nations have proved the value of disarmament, George W. Wickersham, former attorney general, declared today in an address at the initial meeting of the Chicago council on foreign relations. Ratification of the treaties negotiated at the arms conference, Mr. Wickersham said, "would be the greatest stroke for world freedom ever devised."

The armament conference and the treaties brought forth by it, he said, represented the definite and practical beginning of a new order of things making for peace.

The four power treaty he described as the "keystone of the arch of all the treaties."

Dr. Harry Pratt Judson, president of the University of Chicago, said he believed in arresting armaments but did not believe in disarmament.

"I don't believe in being helpless," he said, "and congress is going too far in cutting down the army and navy."

He criticized cutting of the army and navy appropriation bill by congress as reported during the last week.

### ILLINOIS HEALTH SOCIETY FORMED

CHICAGO, March 18.—Formation of the Illinois Health Society with state and county branches and sectional groups, was announced tonight by Dr. J. B. Robertson former health commissioner of Chicago at the close of the health institute. The object of the organization will be the eradication of social diseases.

### BAND PLAYS POPULAR BUT PATHETIC TUNE

COBLENZ, March 18.—While the band played "How Dry I Am" the favorite tune at departures of American troops for the homeland a train carrying 1,100 members of the American Rhine Army left here this evening. Sixty-four German brides are accompanying their husbands to the United States.

The American forces on the Rhine are now below the 4,000 mark.

Just at present a Morgan county sanatorium for the treatment of flu would be a very popular thing. Most every family has a case or two.  
Here is a choice bit of educational propaganda from the Cleveland Plaindealer:  
"Out of 5,000,000 children with no schooling, thirty-one attain distinction. Out of 1,000,000 who go through college, 5763 become notable. There is not much doubt of the child's right to be educated."  
The arrest and sentence of a wealthy automobile manufacturer's son on a charge of carelessness and fast driving should help

along with law enforcement in Detroit. A great many people have the erroneous idea that certain laws are applied to the average citizen but that the wealthy escape responsibility to law.  
As an example the Detroit instance shows there are some things money cannot buy and court immunity is one of them—that is, in courts where justice is really administered.  
Senator Reed of Missouri is to announce within a day or two whether or not he will be a candidate for re-election. There is no great suspense in this instance, for the senator's friends confidently expect him to be a candidate, and his enemies do not cherish the hope that he will decline to run.  
Senator Reed is a brilliant speaker with the unfortunate characteristic of sarcasm, in the superlative degree. But he will be very much missed from the senate chamber if he does not become a candidate or is defeated in the election.

One man cars are about to be adopted for the street car system of Joliet. The time was only a few years ago when most Jacksonville people thought the introduction of one man cars put the city in the small town class as far as its street car transportation is concerned.  
Subsequent events, however, proved the Jacksonville situation was merely the forerunner of operating conditions in other cities. So it happens that a number of cities much larger than Jacksonville now have one man car service which will help hold down the cost of street car operation and at the same time afford the public satisfactory service.

**W. F. HODGE DIES IN NORTH DAKOTA**  
Former Resident and Civil War Veteran Passes Away—Left Here in 1886.  
Friends here have received word of the death of Wilbur F. Hodge, a former resident of Jacksonville which occurred at the home of his daughter, in Jamestown, N. D., Friday evening, March 4.  
Decedent was born in Pennsylvania and spent his boyhood in the east, coming to Illinois before the Civil war. He learned the trade of plasterer and brick mason and was engaged in that work with his brother in Peoria until the starting of the war.  
He enlisted at Peoria in Company H, Illinois Volunteer Infantry in 1862 as a private. He was promoted during the war receiving the rank of lieutenant and was offered the captaincy of Company I of the same regiment shortly before his discharge. He served until the close of the war, taking part in several battles and being wounded a number of times. He was at the Grand Review in Washington and was mustered out of service June 6, 1865.  
In 1867 Mr. Hodge was united in marriage in this city to Miss Sarah Margaret Ross. They resided in Jacksonville until 1886, the family home at one time being on South Clay avenue. When the family left here they went to Jamestown, North Dakota, where the family home was established. Mrs. Hodge died twenty-four years ago. He leaves four children: Marion Hodder of Helena, Mont., Mrs. H. E. Blood, Mrs. F. L. McElroy and Chester R. Hodge of Jamestown.  
Funeral services were held March 6 at the residence of H. E. Blood in Jamestown.

**C. OF C. COMMITTEE TO AID CAMPAIGN**  
Plan and Benefits of Building Association Will be Explained to Public.  
As mentioned from time to time the Chamber of Commerce is to co-operate with the local building and loan association, in an effort to increase interest in this organization in order to encourage building and so help along with the housing situation. A committee has been named for this work and includes the following men: W. E. Sullivan, Abe L. Wood, Harrison King, W. B. Rogers, John Larson, W. H. McCarthy, John S. Hackett, W. A. Fay, Charles Fielder, Joseph Estaque, J. F. Claus, Elsworth Wells, Merle Cain, William Goebel, Moses Meyer and William Floerich, Jr.  
Within the last three weeks or four weeks a great deal of new interest has been shown in the association plan, partially because of the knowledge that building associations are being operated in a great many other Illinois cities in a very successful way.  
The fact that about twelve associations are operating in Springfield, three in Beardstown, six in Urbana and that these cities are but examples, has given impetus to the local movement toward the building association plan.  
The indications are that sufficient stock in the association will be sold to make available ample funds for home building that are financially sound.

**U. C. T. ELECTED ITS OFFICERS LAST NIGHT**  
Delegates Also Selected for State Meeting—V. R. Lavery Boosted for State Office.  
At the regular meeting held on Monday evening members of Jacksonville council No. 182 United Commercial Travelers elected officers for the ensuing year and also selected delegates to the Grand council meeting of the state to be held in Decatur May 18, 19 and 20.  
There was a large attendance of members and much enthusiasm prevailed. The members took action endorsing V. R. Lavery for the office of Grand Sentinel of the state organization. The delegates to the Grand council were instructed to use every effort to secure his election. It is planned to send a large delegation to Decatur at the time to boost for the local candidate.  
An invitation from Dr. Thomas W. Smith to attend memorial services for the order at Westminster church April 9 was accepted.  
Plans for the public installation of officers at the next regular meeting to be held April 15 were made. It is the purpose of the council to have as guests on that occasion the members of the U. C. T. Woman's club. It also is hoped to have Grand Councilor Chapman here to assist in the installation ceremonies.  
Following the regular business session last evening the members had refreshments and a smoker was enjoyed. The officers are: Senior Councilor—H. A. McLaughlin; Junior Councilor—J. E. Rose; Past Councilor—J. R. Leith; Conductor—Fred Cain; Page—Russell Hull; Sentinel—D. B. Gaskins; Secretary-Treasurer—W. S. Ehnie.  
Executive committee—H. D. Lavery, one year; Charles Sanders, two years.  
Delegates to the Grand Council—L. F. Rose, R. J. Leith, H. A. McLaughlin.  
Alternates—J. S. Conover, W. S. Ehnie, A. C. Jantzen.

**AUTO-LITE CONCERN LEASES BUILDING**  
Machinery Purchases for New Manufacturing Plant Will Be Purchased This Week.  
It is understood that the operation plans for the Auto-Controllable Light Co., are rapidly shaping. The concrete building near the plant of the Illinois Steel Bridge Co., owned by T. H. Buckthorpe, has been leased to the company and the necessary machinery will be installed very soon.  
A committee representing the company will visit St. Louis this week and it is expected that the machinery purchases will be made promptly. The device is now being manufactured for the company in an Alton shop but the rate of production is not anywhere near measuring up to the demand.  
All indications are that the business of the company will develop rapidly in the old local plant.  
Keith Paul of Carrollton, a student at the University of Illinois, is here to spend Sunday with his sister, Miss Esther Paul, at Illinois Woman's College.

Program Was Excellently Given and Well Received by Large Audience—Ministerial Union to See Program Monday.  
The boys gymnastic entertainment given by the School for the Deaf at the auditorium last evening was pronounced the best exhibition of gymnastic work the school has ever given.  
The program of this entertainment was published recently and there were fifteen numbers on the program, each of which was of a high order. However there were some numbers that stood out above others.  
The base ball drill in uniform by the Junior boys was fine as was also the work of the Juniors on the horizontal bar. The tumbling acts of the fourth year boys was excellent. The advance work of the parallel bar was very fine and showed wonderful skill. The tumbling was pronounced by those present to be the best act of the evening.  
The gymnastic work as presented last night will be a part on the entertainment which will be presented to the Ministerial Union when they visit the school for the Deaf, Monday.  
Mrs. Felix E. Farrell is in St. Louis, a guest of her sister, Mrs. L. J. Oatman. Miss Dorothy Farrell is making a brief visit in Alton and was one of the guests at the dance given Saturday by Western Military Academy.  
Elmer German, foreman in the news room of the Bloomington Bulletin is spending Sunday with relatives in the city.

## ROTARIANS READY FOR DECATUR TRIP

Advance Guard Will Work for Candidacy of Mr. Pontius—Most of Delegates Start for Convention Tuesday Night.

Rotarians have all plans well made for their expedition to the state convention in Decatur this week. The main body of Rotarians will leave Tuesday night in three Pullmans which have been reserved for them and the return trip will be made early Thursday morning. In this way the delegates will be away from Jacksonville two nights and one day. The Pullmans will be on the side track at Decatur and will serve as headquarters for the delegates. In consequence, it has not been necessary to make any hotel reservations for them.

Particular interest attaches to the convention because Rev. M. L. Pontius is a candidate for the office of district governor, and a goodly number of clubs throughout the state have joined in Jacksonville's enthusiastic support of his candidacy.

In order to attend to some preliminary work Col. O. C. Smith, John J. Reeve and W. L. Fay will probably go to Decatur Monday night, and Tuesday morning another special committee will leave in advance of the main delegation. Included in this committee are Rev. M. L. Pontius, Harry M. Capps, E. E. Crabtree, T. M. Tomlinson, Frank Byrns and H. L. Caldwell.

The train on which Jacksonville Rotarians will be passengers will also carry sleepers for members of the Quincy and Macomb clubs. The Illinois college band will be at the station to give the Rotarians a musical sendoff, and Wednesday morning the band will go to Decatur to help along with the Jacksonville enthusiasm.

Members of the club in addition to those mentioned above who expect to make the trip are the following:

J. H. Dial, W. E. Sullivan, Elmer Snyder, Louis Frank, Henry Frisch, Charles Fiedler, C. J. Duhner, R. Y. Rowe, M. C. Hook, H. M. Andre, Ben Roodhouse, J. S. Hackett, Charles M. Hoyer, J. R. Taylor, J. K. C. Pierson, James Guyette, E. H. Gray, H. P. Samuel, W. T. Capps, C. H. Rammelkamp, Eb Spink, A. H. Dollear, Len Magill, Otto Speith, F. J. Blackburn, J. G. Ames, L. F. Randall, Walter Ayers, Byron Armstrong, Allyn Adams, W. T. Harrison, John Walbridge, E. A. Brennan, George Koppert, R. W. Woolston, Fred Begg, Walter DeShara, H. A. Perrin, C. H. Russell, J. W. Walton.

The "On to Decatur" committee in whose hands all arrangements for the trip were placed includes Earl M. Spink, Lloyd Hamilton, Albert C. Metcalf and Dr. E. L. Hill.

The prices quoted on the late style Hats by FRANK BYRNS will please any man.

L. C. Moss of the Joy Prairie neighborhood was a visitor to the city yesterday.

## HARD TIMES SOCIAL GIVEN AT MANCHESTER

Willing Workers of Christian Church Had Social at Home of Mrs. William Arendell—Other Manchester Items.

Manchester, March 18.—A hard times social was given Friday evening by members of the Willing Workers class of the Christian church Sunday school. The social was the finale of a contest which has been waged for some time between two groups into which the class had been divided.

The winning group enjoyed the hospitality of the losers at the home of Mrs. William Arendell. The captain of the latter group, Glenn Webster, is a nephew of Mrs. Arendell and is making his home with her during the school year. Games and contests of various kinds made the evening a most entertaining one. The house was tastefully decorated in keeping with St. Patrick's Day, and a St. Patrick's pie was a special feature. Various edibles were wrapped in packages with a string attached to each and were placed in a large tub with a green paper covering. The guests found this novel method of serving refreshments quite amusing.

Mrs. Charles Leitz is the teacher of the class and she and the members appeared in costumes quite appropriate to the occasion.

News Notes.

Mr. and Mrs. Clifton McConnell were given a surprise by a number of their neighbors Thursday evening. They have just moved to a farm a mile and a half east of town and the event was planned by their new neighbors. The guests took with them popcorn and homemade candy and the evening was very pleasantly spent.

Mrs. Lennie Goucher of Jacksonville is spending a week with her parents, Mr. and Mrs. A. R. Greenwalt.

Mrs. Lucy Thomas arrived from St. Louis Saturday for a visit with relatives.

Mrs. Charles Dean and daughter, Miss Ruby, were in Jacksonville Saturday.

J. C. Andras, Jr., is on the sick list, and the same is true of Raymond Whitlock.

Leonard Robson, who is attending school at Normal, is enjoying a week's vacation with home folks.

Mrs. Katherine Weis of Mattoon is visiting at the home of her father, J. C. Andras, Sr. The latter has been confined to his home by illness for the past week.

Mrs. Margaret Wyatt is still quite ill at her home here.

## PRORATE COURT.

In the estate of Henry Stryker the petition for the appointment of Walter Bellatti as administrator was approved.

In the estate of Leona Wright, letters testamentary were ordered to issue to Jettie Reinback.

Dr. A. E. Obermeyer of Arcadia was listed among the visitors to the city yesterday.

## MATRIMONIAL

Berry-Sheffield.

Howard Berry and Miss Martha Sheffield were united in marriage at 4 o'clock Saturday afternoon at the residence of Wade Williams of South Clay avenue, the Rev. H. H. DeWitte, pastor of Second Baptist church officiating.

The ceremony was witnessed by only a few relatives and intimate friends. The groom is a son of Mr. and Mrs. Addison Berry of 722 Richards street and is employed at the Capps mills.

Mrs. Berry has been a resident here for some time and has made her home with Mr. and Mrs. Christian Lewis, 640 North West street. They will make their home in this city.

## ATTENTION SPORTSMEN

There will be a meeting of the Jacksonville branch of the Illinois Sportsmen association at the office of H. B. Wheeler Co. at 7:30 o'clock Monday evening, March 20. All members are urged to be present, together with those who wish to become members. All members are urged to be present, as there is much business of importance.

H. B. Wheeler, Sec.  
F. L. Sharpe, Pres.

## AN OLD SPANISH COIN

T. P. Barber is the owner of a Spanish coin of rare design. The silver coin is about the size of an American dollar and bears the date of 1795. Clarence Roogge of the Joy Prairie neighborhood found the coin a few months ago while plowing in a field. Later he sold it to Mr. Barber who prizes it highly.

A. T. Story of Murraville was greeting friends around the city square yesterday.

Ben Davenport of Alexander paid the city a business visit on Saturday.

## ENDEAVOR SOCIAL AT LITERBERRY

St. Patrick's Social Given by Endeavor Society of Litterberry Church Saturday Evening—Other Litterberry News.

Litterberry, March 18.—Members of the Christian Endeavor society of the Christian church held a St. Patrick's Day social at the church Saturday evening. The room had been prettily decorated in green and white and an enjoyable program of games and music was carried out. The arrangements were in charge of a committee including Miss Irene Ogle, chairman, Misses Dean Chapman and Rena Ator. During the evening delicious refreshments were served.

Among Litterberry people who visited Jacksonville Saturday were Mr. and Mrs. L. H. Maul, Mr. and Mrs. O. N. Petefish, Mrs. Owen Crum, Mrs. Fred Henderson, Mr. and Mrs. Charles Roach, Mrs. Jane McFarland, Miss Wilma Bait, Mrs. Lulu Henderson, Mr. and Mrs. Warren Daniels and daughter.

Miss Lora Petefish has returned to her home here after a week's visit with her sister, Mrs. Clyde Lewis, at Prentice.

Misses Beattie Laurie and Wilma Wagner have gone to Virginia for a week-end visit with relatives.

## COME HERE TO ATTEND FUNERAL OF MRS. CARTER

Mrs. Sarah Dolsen, a sister of the late Mrs. S. W. Carter, arrived last night from Kansas City to be present for the funeral services tomorrow. Mrs. Emma Dunbaugh, another sister, and Harry J. Dunbaugh, of Chicago, will arrive today. All of these visitors will be guests at the home of Mrs. R. P. Joy on West State street.

Ellis and Clarence Thompson were in from the Arcadia precinct yesterday attending to business in Jacksonville.

## Chicks grow and Grow and GROW

You will be surprised how rapidly your chicks will grow when fed on Blatchford's Chick Mash (formerly Blatchford's Milk Mash). Many users say they can almost see the little fellows grow. In fact there isn't another feed on the market that will push them along as rapidly, or as satisfactorily.

## Blatchford's CHICK MASH

(formerly known as Blatchford's Milk Mash)

Blatchford's is not simply a feed for chickens. It is a carefully milled and prepared milk-substitute which is used by the most prominent poultrymen in the country for starting and growing their chicks. We recommend it. A trial will convince you that it is in a class by itself.

## "A Connecticut Yankee"

In King Arthur's Court—The Greatest Satire in the History of Literature

By Mark Twain

## THE PROLOGUE

Mark Twain is seen in bed, writing, while before him in imagination passes a shadowy procession of the characters he has created—Tom Sawyer, Huckleberry Finn, and the people in "A Connecticut Yankee."

The Yankee is Martin Cavendish, heir to a million and an ancestral mansion. His mother, a social climber, wants him to marry Lady Grey Gordon. On the eve of the wedding Martin announces that he is in love with Betty, his mother's secretary.

## MARK TWAIN'S IDEA OF THE CAST

The plumbing was bad in King Arthur's Court. There was no telephone system.

The brave knights, the flower of chivalry, spent their time—

1. Eating.
2. Drinking.
3. Slaying dragons.
4. Rescuing damsels.
5. Fighting.

There were no carpets on the floor of King Arthur's Court—only rushes.

None of the knights thought it worth while to learn to read and write.

Not one of them knew the difference between a carburetor and a spark plug. They believed that Merlin was a mighty powerful magician.

Until the Yankee arrived. He taught them different. First he put the plumbing to rights. Then he pulled the great magician's whiskers. Then he installed telephones throughout the realm. Then he improved the knights' table manners. Then he took on a few knights in a tournament.

That night Martin sits reading in the drawing room, surrounded by ancient armor. He wonders how the old knights would have settled his love problem. Perhaps they had more courage in those days.

Within a few moments comes an opportunity to test modern courage. A burglar enters, and Martin attacks him. In the scuffle Martin is knocked unconscious, and he dreams—

and licked them single-handed. Then he mounted the celebrated flower of chivalry on motor-cycles.

All this was even as Pie unto him.

When he had nothing else to do he did a job or two of rescuing, and one fair damsel was so grateful that she fell in love with him.

His title was "Sir Boss," and his uniform consisted largely of a top hat and a pair of garters. This was considered a very dignified get-up, and it did his reputation among the knights a lot of good.

All this is the product of the master brain of Mark Twain, America's greatest literary figure and the world's greatest humorist. Mark Twain wrote his masterpiece, "A Connecticut Yankee in King Arthur's Court," to prove that the present is the best of all possible times to live in, and that the Age of Chivalry was not all it is cracked up to be.

"A Connecticut Yankee in King Arthur's Court" has been translated to the screen by an all star cast. The screen version conveys the message that Mark Twain conveyed in words, with every thrilling moment, every laugh-provoking incident, and all the rollicking fun of it, in visual form.

## CLUBS AND SOCIETY

Surprise Party for Mrs. Haig.

Mrs. James Haig was given a most delightful surprise party last evening at her home on West Lafayette avenue. Yesterday was Mrs. Haig's birthday and the party was planned by Mrs. Lawrence Goveia. The guests included the members of the Five Hundred club to which Mr. and Mrs. Haig belong. Cards and music filled the evening hours most pleasantly and at a late hour refreshments were served. St. Patrick's day colors and favors were used in the decorations and in the serving of the dainty supper.

## Dance at Illinois College.

The students of Illinois College enjoyed a dance last evening at the college gymnasium. The hours were from eight to eleven and the Darley-Brown Serenaders furnished an excellent program of dance music. The affair was one of the informal dances which are given regularly.

## Will Hold Sale.

The ladies of Trinity Guild will hold an Easter sale at the Guild hall on Thursday, April 20th. This is an annual affair and all kinds of fancy and practical needle work will be sold. The guild meets every Tuesday for an all day meeting and at this time sewing is done for the coming sale.

## Karonya Camp Fire Girls Enjoyed Party.

Members of the Karonya Camp Fire had a St. Patrick's day party at the home of Miss Louise Muchhausen on East College avenue Saturday evening. The house was prettily decorated in St. Patrick's day colors and dainty refreshments were served. Dancing and games made the evening a very pleasant one. Miss Beatrice Hasenstab is the guardian of this Camp Fire.

## Junior-Senior Party at I. W. C. Charming Event.

The annual Junior-Senior party at Illinois Woman's college was given last evening in the college gymnasium and was one of the most charming and picturesque affairs of the year. It was a Pierette and Pierot party and each girl was dressed in the clever and attractive costumes of these dainty French dancers. The girls had planned some very attractive costumes and these together with the pretty decorations made the party one of the prettiest seen at the college for some time.

The gymnasium had been decorated for the event with green and white, the colors of the Senior Class in whose honor the party was given. A ceiling of green and white crepe paper streamers had been made and ferns were also used in decorating the room. Small tables were placed around the gymnasium and at these a delicious three course banquet was served at eight o'clock. Smilax and green candles and clever little men and place cards of white with tiny green figures of Pierette and Pierot made the very attractive table decorations. Between the courses of the banquet a program was given. Miss Helen Massey sang a group of songs and a Pierette and Pierot dance was given by Dorothy Hoag and Eleanor Dinmore. After the last course a little original play, written by Margaret Fowler, was presented. It was a charming little Pierette and Pierot fantasia and was given by Irene Parli, Alma Blodgett and Margaret Fowler.

Following the program and the banquet the hours were devoted

to dancing. Music was furnished by Goodrick's orchestra. Miss Laura McLaughlin, the Junior class advisor and Miss Mary Johnston, the Senior class advisor were special guests at the party. The president of the senior class is Mildred Mayer and Helen Gowdy is the president of the Junior class. Irene Parli was chairman of the decoration committee for the party and she was assisted by Gertrude Umbersoll, Grace Styles and Eloise Calhoun. Mary Hall headed the refreshment committee which included Dorothy May Smith, Ada Foster and Hazel Juick. Janette Wallace was chairman of the entertainment committee and she was assisted by Margaret Fowler, Florence Weber and Helen Massey.

## Clover Leaf Club Gives Dinner.

The Booster club of the Clover Leaf Casualty company gave a dinner last evening in the club rooms on East State street. The affair was a St. Patrick's Day dinner and all the decorations carried out the green and white color scheme. Covers were laid for about fifty guests and at six thirty o'clock a delicious menu was served. Dainty green place cards, flowers and tiny St. Patrick favors made attractive table decorations. The committee in charge of the party included one girl from each of the departments and the dinner was given by the whole club. After supper the evening was pleasantly spent with some clever St. Patrick's Day games planned by the committee.

## Miss Rhoda Olds Is Hostess to Club Members.

Members of the F. F. E. club were entertained by Miss Rhoda Olds at her home on West College avenue, the event being a Shamrock party. The program was arranged with St. Patrick's Day in mind and the decorations were also in accord. Games and contests afforded amusement, one of the enjoyable features being a shamrock hunt. Delicious refreshments were served during the hours. The guests were Misses Dorothy Graham, Frances and Lucille O'Donnell, Frances Schumm, Esther Chipchase, Beata Armstrong, Mary Fox, Lucille Strandberg and Elizabeth Graef.

## ILLINOIS COLLEGE Y. W. TO GIVE ENTERTAINMENT.

An entertainment is to be given under auspices of the Illinois College Y. W. C. A. at the School for the Deaf auditorium next Thursday evening, March 23. ## TAKE UP PROBLEM OF RACE TRACK

Chamber of Commerce Committee Will Meet With Directors of Fair Association to Discuss Method of Raising Money for Building Track and Stands.

The Chamber of Commerce committee which has been appointed to assist the Morgan County Fair Association in plans for the coming fair will meet the early part of the week in conjunction with the fair directors. The committee, which includes E. A. Brennan of the Pacific Hotel, W. H. McCarthy of the McCarthy-Gebert company and C. J. Deppe of the Deppe Dry Goods Company, will aid in raising funds to re-establish racing at the Morgan county fair. The plan is to put the race track at the old fair grounds west of town into condition again and to put up the grand stand and the fences.

There is a strong sentiment among business men and farmers in the county to put the Morgan county fair on an equal plane with the other fairs in the state. A great many people are agitating that the horse racing be established again as it is felt that this feature will add a great attraction to the fair. It has also been suggested that night entertainment be given during the days that the fair is in session. The committee has this under advisement and some good entertainments will probably be arranged. The joint committee in charge of this will meet this week and plans will be perfected whereby these projects may be accomplished. If the proposed plans go through, the fair will be one of the most live and wide-awake affairs of the coming season in Jacksonville.

# ILLINOIS RUNS AWAY WITH INDOOR MEET

## TWELFTH ANNUAL BIG TEN EVENT CONTEST OF ILLINI AGAINST FIELD

Coach Gill's Men Won Five Firsts and Placed in Every Event—Men Also Clip Several Records While Winning—Wharton and Yates Were the Record Makers

EVANSTON, Ill., March 18.—Displaying the characteristic versatility of Coach Gill's track aggregations, Illinois captured the twelfth annual indoor track meet of the Western Conference tonight at Patten Gym by placing in every event and winning five firsts.

The meet developed into almost a dual meet between Illinois and the other eight conference schools represented. McGinnis and Patterson gave the Illini a good start by taking first and second for eight points in the mile run but the time was slow.

Brookins, the fast Iowa dash man, took the fifty yard dash, equalling the indoor record of 5 2-5 seconds.

Osborne of Illinois, winner of the Illini relay carnival, all round championship, took first in the high jump. Platten of Wisconsin and Moorehead of Ohio State tied for second and third.

Northwestern broke into the point column for the first time during the evening when Dahl won the shotput with a heave of 32 feet, six inches.

The Orange and Blue men scored 44 6-27 points with Wisconsin a bad second with 22 11-21 and the rest trailing far behind.

Two indoor records fell, both going to the Illini and displacing marks held by former Illinois men.

Wharton led a trio of Illinois runners in the two mile race, cutting two seconds from the record of Mike Mason, the Illinois distance star of six years ago. He ran the distance in nine minutes, 41 4-5 seconds, and was closely followed by Swanson and Scott.

Yates, also of Illinois, earned the other record in a fast half, lowering the indoor record to 1:58 2-5.

The mile relay developed the expected close race between Illinois, Iowa and Chicago. Schlappitz got off to a poor start, letting the Chicago man take a good lead, but Yates put the Illini in front, where they stayed most of the distance. Iowa forged ahead of Chicago in the third lap and ran a close second at the finish.

Summaries.

One mile run—Won by McGinnis, Illinois; second, Patterson, Illinois; third, Wikoff, Ohio. Time, 4:25 3-5.

Fifty yard dash—Won by Brookins, Iowa; second, Ayres, Illinois. Time, .05 2-5.

440 yard run—Won by Spetz, Wisconsin; second, Pyott, Chicago; third, Schlappitz, Illinois; fourth, Sweet, Illinois. Time, .52 3-5.

60 yard high hurdles—Won by

### TABLE OF POINTS

Illinois	44 6-7
Wisconsin	22 11-21
Ohio State	8 1-2
Iowa	8 1-3
Michigan	7 1-3
Minnesota	5 25-42
Northwestern	5 3-7
Chicago	5
Purdue	1 3-7

Johnson, Illinois. Time, .07 4-5.

Two mile run—Won by Wharton, Illinois; second, Swanson, Illinois; third, Scott, Illinois. Time, 9:41 3-5.

This established a new indoor conference record, the former mark of 9:43 4-5 being made by A. H. Mason of Illinois in 1916.

The heats of the sixty yard high hurdles presented a classy field with Knollin of Wisconsin, last year's winner, taking his heat and the semi-final easily in 7 4-5 seconds, one second under the record. Sam Wallace, one of Illinois' fastest hurdlers, fell in the semi-final and was out.

Spetz of Wisconsin captured the quarter mile in the slow time of 52 3-5 seconds. When the final of the sixty yard high hurdles came off, Knollin ran true to form, winning handsly altho his time was still one second under his last year's mark. Anderson of Minnesota finished second but was disqualified for knocking over three hurdles.

This gave Johnson of Illinois second place. Illinois made it one, two, three in the two mile

### LITTLE CONFERENCE IS MOVING CLOSER TO ORGANIZATION

Will Embrace Universities and Colleges Out of Big Ten

CHICAGO, March 18.—Successfully navigating the Rocks of Alumni opposition the "Little Conference" which aims to embrace several Western Universities and colleges outside the big ten, moved closer to the port of organization today.

Representatives of seven schools named Dean Atchinson of Marquette University, Milwaukee, Wisconsin, to draw up regulations for an athletic association modeled after the Western Conference. Athletic Director Brewer of the Michigan Agricultural College will assist him.

An application to join the conference should it be formed was received from St. Louis University but action was withheld.

Coach Knute Rockne told the meeting that Notre Dame would not join the conference "immediately," but expressed enthusiasm over the plan. The University of Detroit, Marquette and Notre Dame were the only schools represented with power to accept or reject the conference program. The other schools—Butler, Cincinnati, DePaw and Michigan Aggies—being represented by heads of their athletic departments without faculty sanction to pledge their respective schools to membership. Some schools, it was said, are hesitating because of alumni opposition to entering any conference at this time. It was pointed out that football schedules for 1922 are completed and even had the conference been formed today it would have been impossible to play conference games this year.

run, Wharton, Swanson and Scott finishing in order, Wharton incidentally breaking the record of 9:43 4-5.

880 yard run—Won by Yates, Illinois; second, Hirt, Minnesota. Time, 1:58 2-5.

This established a new record, the former indoor record being held by D. E. Brown of Illinois.

Another record fell when Yates of Illinois clipped three seconds from the half mile mark, running the distance in 1:58 2-5.

With six of the ten events completed, Coach Gill's men had piled up 32 points for Illinois, Wisconsin running a bad second with 11 markers and Ohio State third with 6, the others trailing with scattering points.

High jump—Won by Osborne, Illinois tied for second and third, Platten, Wisconsin and Moorehead, Ohio State. Height, 6 feet 2 1-2 inches.

Shot put—Won by Dahl, Northwestern; second, Sunot, Wisconsin; third, Cannon, Illinois. Distance, 42 feet 6 inches.

One Mile Relay: Won by Illinois; Second, Iowa; Third, Chicago. Time 3:20 2-5.

Pole Vault: Won by Merrick, Wisconsin, and Landowski, Michigan; tied for third and fourth, Faust, Northwestern; Collins, Illinois; Chandler, Illinois; Hawker, Minnesota; McClure, Wisconsin; Hammin, Wisconsin and Teal, Purdue. Height, 12 feet, 6 inches.

### RUTH HITS HOMER BUT YANKS LOSE

NEW ORLEANS, La., March 18.—Babe Ruth hit another home run today when with one man on a base in the seventh he sent the ball over the right field fence in a game between the St. Louis Cardinals and the New York Yankees which the Cardinals won, 19 to 6.

Score:—

St. Louis . . . . . 19 18 3

New York . . . . . 6 12 1

Barefoot, Haines, Reinhardt, Walker and Clemons, Alinsworth; Jones, O'Doul and Hoffman, Devorner.

### GERMANY SUBMITS NAME OF NEW AMBASSADOR

WASHINGTON, March 18.—Altho no official information could be obtained from the state department today it became known that the name of Dr. Otto Ludwig Wedfeldt one of the high officials of the Krupp organization has been submitted by Germany to the United States to determine his acceptability as ambassador.

### WINS WEST COAST OPEN GOLF TITLE

BELLAIR HEIGHTS, Fla. Mar. 18.—Walter Hagen, Detroit won the west coast of Florida open championship today covering the four rounds in 290 strokes. Hagen former title holder, started this morning round five strokes behind George Smith of Hyde Park, but picked up these strokes by noon and started in the afternoon round tied for first place.

### MIKE O'DOWD GETS DECISION OVER BARTFIELD

NEW YORK, March 18.—Mike O'Dowd of St. Paul, former middle weight champion, was awarded the judges' decision over Eddie Bartfield of Brooklyn in 12 round bout tonight. O'Dowd forced the fighting all the way.

### D. O. K. K. Championship Team

Standing—Jones, Covey, Wood, (Capt.), Lucas. Sitting—Smith, Barton, Reynolds, Siegfried (Mgr.)

### MARK OF BUFFALO BOWLERS STANDS

TOLEDO, O., March 18.—The 1297 mark set by the Degen Brothers of Buffalo in the two men event and the American Bowling Congress proved too high again today.

A Lee, who bowled last night with the Federal Markets of Chicago, the team which established a new tournament record for a single game with 1101, collected 690 pins today for third place in the standings in the individuals division. Lee went into the lead of the all-events class with 1886 for high line games.

Lea, bowling with S. Kellogg of Chicago added materially in collecting a 1232 team score which sent the pair into tenth place.

There were several other good money scores in the doubles among them being:

E. Healey, W. Goldman, Chicago 1203; R. Peki, J. Lellinger, Chicago 1171; G. Geiser, A. Thapp, Chicago 1158.

Other money winning scores in the singles event were:

J. Sandman, Louisville and A. Trapp, Chicago 608; A. Gerstein, Chicago 602.

Ten Chicago teams, three from Cincinnati, two from Detroit and one from Indianapolis took the alleys in the first shift of five men teams tonight.

### POLICE STOP SALE OF TINY TOY BOMB

NEW YORK, March 18.—A tiny "toy bomb" selling for a penny was the latest plaything of Brooklyn school children until today when a policeman seized 1600 of them in the store patronized by the children.

The teachers complained of the noise the glass tubes made when popped during recess and reported the exploding chemicals caused the children's eyes to smart.

It was said the little tubes were used by overseas troops during the war to purify drinking water.

### JOY FOR GOLFERS, AN EVERLASTING BALL

CHICAGO, March 18.—An indestructible golf ball has been perfected and the coming season will see golfers supplied with an everlasting ball at a cost of not more than 75 cents.

Douglas Tweedie, manager of a sporting goods company, announced today. The perennial ball will be suitable for all play except possibly the most expert players, who may desire a trifle more sensitive one than the indestructible cover provides. The new pellet cannot be gashed by a topper shot or snagged by impact with thorns or other rough objects. It will retain its unblemished cover even after all paint has been worn away.

### MANY RUSHING TO NEW GOLD FIELD

WILLIAMS LAKE, B. C. March 18.—Attracted by the lure of gold scores of newcomers are staking claims in the Cedar Creek and Quenest districts, coming in over trails still covered with snow. Since the discovery of gold on Cedar Creek last year all ground within ten miles of discovery has been staked off.

### NEW YORK WOMEN WALK TO REDUCE

NEW YORK, March 18.—Thirty two women led by Mayor and Mrs. Hyman began a series of walks this afternoon in the hope of shrinking their waist lines.

### DOKAYS BASKETBALL FIVE CLOSES SEASON

City Champions of Independent Class Close for 1921 and 1922 Season—Was Successful.

The Dokays basketball squad, winners of the independent city championship, has completed the schedule for the season of 1921-1922.

The Dokays put up a very strong team having won 8 out of 11 games played, having taken revenge by a large score on two of the three teams defeating them. The following is a list of this season's games:

Opponents	D.O.K.K.
Franklin, there	20 24
Bluffs, there	17 32
Chapin, there	19 14
Franklin, here	24 24
Chapin, here	18 48
New Berlin, here	12 32
K. C. (home floor)	18 26
K. C. (their floor)	21 19
Virginia, here	13 28
Myers Bros, here	26 13

Total . . . . . 180 306

Dokays' majority—126.

The Dokays, having won the city Independent Championship, are very well satisfied with this season's results and are not discouraged by losing to the fast Myers Bros. five of Springfield, as this is their first year of playing together and the first time that athletics has entered their order. They feel that next year with a hall of their own to practice in, that they should develop as good a team as there is in this part of the state.

### RECORD BROKEN

SPRINGFIELD, Mass., March 18.—The Springfield Revolver Club's expert team, shooting in the eleventh of the United States Revolver association national matches today broke the world's record with a gross score of 1167 out of a possible 1250.

Player	P.G.	F.T.	Tls.
Lucas, H.	51	0	102
Wood, R.	41	48	130
Smith, C.	13	0	26
Covey, C. R.	8	0	16
Jones, J. G.	15	0	30
Reynolds, R. G.	1	0	2
Barton, J. G.	0	0	0
Gustafson, . . . . .	0	0	0

Totals . . . . . 129 48 306

Although the forwards show up the high point makers, too much credit can not be given the good defensive work of the guards and center.

The next big event in the D. O. K. K. order is the big Ceremonial to be held April 16th, 17th and 18th when a large list of candidates will be "taken across the desert sands."

The season also proved out well financially as Manager Siegfried has better than \$100 to turn over to the D. O. K. K. drill team.

### REPORTS OF INCOME TAX NOT COMPLETE

WASHINGTON, March 18.—Preliminary reports received today by the treasury collections of March 15 installments of income and profits taxes showed a total of \$286,000,000 on deposit in federal reserve banks.

These reports it was explained covered collections deposited up to last night and several days must elapse before all districts were accounted for or the final total for the quarter approximated.

### MAC DONALD ELECTED BY SMALL MAJORITY

LONDON, March 18.—The Inverness by election resulted today in the choice of Sir Murdoch Macdonald, a colliery liberal by a narrow majority. He received 8,840 votes.

### U. OF I. TO COMPETE WITH BEARS AND TIGERS

URBANA, Ill., March 18.—The University of Illinois track team will meet California and Missouri in a triangular track meet April 15th, at Berkeley, California. If the Illinois council of administration passes favorably on the proposition it was announced today by Coach Harry Gill.

The triangular meet was suggested since the refusal of authorities at the University of Texas to pay a share of Illinois' team's expenses on the latter's spring training trip into the south.

The refusal will necessitate changing the date of the dual meet with Rice Institute at Houston, Texas, but a later meeting is expected to be arranged after the triangular meet on the coast.

Coach Gill declared today he was enthusiastic over the prospects of meeting Missouri and California. Both have excellent teams and the Illini expect strong competition. They will rely mainly on Milton Angier, Osborne, H. S. Wallace, Wharton, Wallace, Fessenden, Ayers and Sweet.

### PRINCETON DEFEATED PENNSYLVANIA 34-24

PHILADELPHIA, March 18.—Princeton tonight defeated the University of Pennsylvania 34 to 24 causing a tie in the intercollegiate basketball championship.

## CENTRALIA H. S. WINS STATE CHAMPIONSHIP BY DEFEATING ATWOOD

Score at the Half Way Mark Was 12 All—Centralia Romped Away in Second Half, Winning 24 to 16—Rockford Swamps Peoria Central for Third Place in Opener

URBANA, Ill., March 18.—Centralia outplayed and defeated Atwood, 24 to 16 in the finals of the state high school basketball tournament tonight.

Rockford defeated Peoria 45 to 26 in the game for third place. Gleichman and Stevens were the stars. It was officially announced that more than 4,000 spectators attended the final game.

Captain Wiley Cox of Centralia scored six field goals, five being from mid-floor. The Atwood attack, led by Captain Ware, was effective during the first half which ended 12 to 12, but during the last period they were checked by the five man defense from Centralia.

### BUTLER WILL PLAY CONFERENCE GAMES

INDIANAPOLIS, Ind., March 18.—Five western conference baseball games will be played this season by Butler College, it was announced tonight by Pat Page, director of athletics. Page completed negotiations tonight with Ohio State to play here May 6. Butler will play at Chicago and also play Purdue here and Lafayette. A game with Illinois is pending.

### GREENSBORO, N. C. March 18

William Wiles, automobile driver was probably fatally injured today when a machine he was driving turned turtle while going at a speed of sixty miles an hour on a half mile dirt track.

Marc Hughes of Centralia, kept his team in the running the first half by his four free throws. No baskets were made in the last five minutes of play Centralia treecing the ball under the Atwood basket with remarkable success. It was a hard fought contest throught the six free throws out of seven attempts giving the winners the game, for the Egyptians scored only two more field goals than Atwood.

Centralia let loose in the second period and was never in danger after Cox hooped three field goals in succession from mid-floor.

Lender, Hughes and Cox carried the ball thru the Atwood guards with comparative ease, but lost many opportunities to score setups.

Herbert J. Smith is here from St. Louis to spend Sunday.

## Batteries Wear Out for Two Good Reasons

Every battery has two kinds of wear—the natural slow wear due to use, and the more rapid wear that comes from abuse.

Keep the proper amount of water in your battery by putting in a little every two weeks. Test with the hydrometer to make sure there's enough charge. Come in to Battery Headquarters at the first faint sign of trouble.

Then your battery will wear out slowly and gradually, giving you all the months and miles of uninterrupted service there are in it.

## COUNTY CONTRACTS FOR ROAD OIL

One Million Gallons Will be  
Furnished by W. H. Cocking,  
Representing the Roxana Petro-  
leum Co.

The board of county commissioners Saturday awarded the contract for a million or more gallons of road oil to W. H. Cocking as representative of the Roxana Petroleum Co. The first shipment on this order for 100 or more cars, will be made early in May and the oiling work on the roads of Morgan county will be in progress all thru the summer months.

The price was 5.20 cents per gallon. However, this price is based upon present freight rates and it is provided that the county shall be given the benefit of any reduction in freight rate. The board has information that a reduction is to be granted in the course of the next few weeks, applicable to shipments to Morgan county.

All bids made for this county to the state department were rejected. The contract with Mr. Cocking represents a very considerable saving by comparison with the low bid at Springfield, particularly by reason of the freight rate concession.

## PROFESSIONALISM WORRIES BIG TEN

Conference Athletic Directors Dis-  
cuss Ways and Means of Elim-  
inating Pro Athletes from  
Schools.

CHICAGO, March 18.—Western  
conference athletic directors Fri-  
day completed a two day discus-  
sion of ways and means of elim-  
inating professionalism from col-  
lege athletics but refuse to make  
public any of their proceedings  
other than those pertaining to  
minor affairs.

F. H. Yort, of Michigan was  
named chairman of a committee  
to sift down the numerous plans  
suggested.

This committee will draw up  
definite recommendations on pre-  
venting a recurrence of the scan-  
dals which recently barred more  
than a score of athletes from col-  
lege sports and report back to the  
directors' association at a later  
date—probably in April.

The directors then will pass on  
to the faculty committee definite  
arrangements on the matter for  
action at the June meeting in  
Iowa City.

The athletic directors' meeting  
was more secret than a private  
political conference. Every per-  
son present pledged himself not  
to divulge any secrets other than  
those contained in a brief formal  
statement issued tonight. It an-  
nounced June 19, as the date for  
the conference golf tournament,  
May 25-26-27 as the dates for the  
tennis tournament both of which  
will be held in Chicago and stated  
that directors who recommend  
that basketball officials could not  
officialize in outside games.

Of the dozens of suggestions it  
was said that those dealing with  
the reported methods of attract-  
ing high school stars to some uni-  
versities received the most atten-  
tion. This was declared by some  
to be the chief causes of violation  
of the rules on amateurism and  
it was understood that Mr. Yort's  
committee would go into this sub-  
ject at length.

The general sentiment among  
the directors in the past has been  
that the present conference rules  
are strong enough if strictly en-  
forced and the committee is ex-  
pected to present concrete sugges-  
tions on tightening up the en-  
forcement of the regulations.

## MICHIGAN TEAM WILL PLAY ALUMNI

ANN ARBOR, Mich.—Resump-  
tion of alumni baseball games at  
the University of Michigan this  
year after a lapse since 1916, will  
bring together on June 16 and 17  
the varsity and a nine composed  
entirely of former baseball cap-  
tains at Michigan, if present plans  
are followed.

George Sisler, former Wolver-  
ine star now with the St. Louis  
Americans, and Johnny Lavin,  
shortstop of the St. Louis Cardinals  
will appear in the alumni  
lineup if they can break away  
from their clubs for a short per-  
iod.

Others eligible for alumni ser-  
vice and who have played profes-  
sional ball since their college  
days are Pete Van Roven, second  
baseman with the Grand Rapids  
team of the Central League, and  
Mike Knobe, formerly with the  
St. Louis Cardinals but now re-  
turned from the game. Others who  
may be in the lineup or on hand  
as substitutes are Uley, pitcher;  
Hill, first base; MacQueen, third  
base; Mitchell, Sullivan and Bell  
outfielders.

Alumni teams have yet to de-  
feat a varsity nine, although  
games were played in 1912, 1913  
1914 and 1915.

The games this year will be  
played as features of the Com-

## TABLET COMMITTEE MET WITH CHAIRMAN

Business of Importance Transacted  
at Meeting Held Saturday  
Afternoon With Mrs. C. E.  
Black—Committees Named.

A well attended meeting of the  
tablet committee of Rev. James  
Caldwell Chapter, D. A. R., was  
held Saturday afternoon with the  
chairman, Mrs. Carl E. Black.  
Matters of much importance were  
considered and decided upon,  
looking to the installation of the  
tablet.

The work of carving the letters  
on the panels of marble is to  
begin at once, and the installing  
of the tablets in the Duncan  
Memorial will begin about the  
last of April.

Report was made yesterday of  
\$100 as having been received on a  
tablet for Mrs. Lucy Chandler  
Prince, who was the wife of Dr.  
David Prince and one of the char-  
ter members of Rev. James  
Caldwell Chapter. A letter has  
been received by one of the Gold  
Star Tablet committee members  
from ex-congressman Ben S.  
Caldwell. The letter enclosed a  
generous check toward the gold  
star tablet.

Mr. Caldwell's great-grand-  
father was Thomas Caldwell, a  
brother of the Reverend James  
Caldwell, and Mr. Caldwell feels  
an interest in the Chapter House  
of the Rev. James Caldwell chap-  
ter. This gift to the gold star  
tablet was deeply appreciated by  
the committee as much from  
sentimental reasons as from the  
value of the check.

The chairman named a number  
of committees for the tablet work.  
Central Committee on Installa-  
tion and Dedication—Miss Maria  
Fairbank, Mrs. Sarajane Brown,  
Mrs. Bessie Black.

Decoration—Miss Elsie Trabue,  
Mrs. Sarajane Brown, Mrs. Enslie  
Moore and Mrs. Charles F. Elmie.  
Lighting and Radiators—Mrs.  
Panita Brockhouse, Mrs. Sarajane  
Brown, Mrs. Jean Taylor, Miss  
Lucy Mount.

It was voted that the tablet  
committee will erect a tablet to  
Mrs. Martha G. Smith, Mrs. Smith  
was 94 years old and the oldest  
of five generations connected with  
the James Caldwell chapter. An-  
other tablet to be erected is that  
of Judge Samuel Lockwood, a  
prominent man in Jacksonville in  
early days. He wrote the prebi-  
le to the first constitution of the  
state.

Men will be pleased with  
the style, quality, color and  
price of spring hats shown by

## EXPRESS BUSINESS IS GOOD TRADE BAROMETER

The business of the American  
Railway Express Co., is showing  
a gratifying increase, and A. R.  
Eyre, local agent for the company  
sees in this an indication that  
general business conditions are  
improving. According to Mr.  
Eyre, the express business usually  
shows a fluctuation preceding a  
similar change in general business  
and when the express business  
shows improvement it is safe to  
expect the same in general con-  
ditions.

The business of the express  
company is so extensive that any  
change in general business con-  
ditions is soon felt. The company  
has offices in 28,000 cities and  
towns in the United States and  
has a force of 125,000 employees.  
Its operations extend over prac-  
tically all the railroads of the  
country, with a total mileage of  
approximately 275,000.

## SOCIAL DOMESTIC SCIENCE CLUB MET

The Social Domestic Science  
club met recently with Mrs. Mary  
Banks with a good attendance of  
members and several guests.  
Among the guests from out of  
town were Mrs. Kelly, Chicago;  
and Mrs. Louisa Wright of Louis-  
iana, Mo. This was the sixteenth  
anniversary of the organization  
of the club and the hostess had  
prepared a cake with sixteen can-  
dles. Mrs. Millie Davis, one of  
the organizers of the club, was  
asked to sit at a small table on  
which the cake was placed. She  
spoke interestingly of the club  
and its early history and then cut  
the cake, each lady receiving a  
piece of it.

## With the Grand Prize Eureka Electric Vacuum Cleaner Your Work will be A Pleasure and your Home a Delight

The measure of Eureka Superiority lies in the  
great volume of air that rushes thru the nozzle—  
and the Velocity at which it travels.

The wonderful little Eureka Motor creates an  
exceedingly high vacuum that pulls a great vol-  
ume of air through the carpet or rug; and the ve-  
locity at which this air travels loosens every par-  
ticle of dust or dirt embedded in the fabric and  
carries it up into the dust bag.

The carpet or rug is left perfectly clean and  
sanitary.

The Eureka cleans in  
the most thorough man-  
ner not only all carpets  
and rugs—but with its  
numerous attachments it  
is just as effective in the  
cleaning of upholstery,  
mattresses and draperies.  
The brush inserted in  
or attached to the nozzle  
of this type of cleaner is  
there solely for the pur-  
pose of removing the  
lint, hair and threads  
from the surface. The  
air gets the dirt—the

### IS. SARGENT'S BROTHER DIES

William Payord Passed Away at Harrisburg, Penn.—Mrs. Sargent Was Present When Death Came.

Word has been received here of the death of William Payord, which occurred at his home in Harrisburg, Pa., Tuesday, March 14.

Decedent was the brother of Mrs. Fannie Sargent of this city, who left for Harrisburg last Sunday and was present when death came. His widow and one son survive.

Mr. Payord was born in 1867 at Harrisburg and had always made his home in that city. He was a shoe manufacturer and had been served on the school board of his home city.

He was a member of the Elks, Knights of Pythias and a Red Men. Mrs. Sargent will remain in Harrisburg for several weeks.

### WHOM IT MAY CONCERN.

I consider the demonstration made by the Monarch Tractor, on March 16, 1922, under the supervision of Ed Rohr, expert, and A. Langfahl, on the Langfahl ad, in plowing, road grading, mowing levers and creeping over it places that would not hold a man, to be the most complete demonstration from a practical and serviceable standpoint that I have ever seen. I will be glad to answer all inquiries on this subject.

### INFANT IS FOUND BURIED IN GARDEN

Police Confronted With Mystery—Buried in Rear of Residence of Mrs. Hattie McClellan.

An infant of unknown parentage was found buried in the garden of Mrs. Hattie McClellan, a nurse living at 215 South Clay avenue Saturday morning. The little body was wrapped in white cloths and placed in a paste board box and buried supposedly Friday night about 11 o'clock.

Presley Kent, who resides at 315 East Morgan street heard an unusual noise at that time Friday night. On walking out in his back yard he discovered a man running from the McClellan premises. Mr. Kent thought this an unusual proceeding and Saturday morning took a walk in the garden where he had seen the man and discovered fresh earth had been thrown up.

The police were notified and upon investigation the body of an infant girl was found buried about two and one half feet deep. The infant was fully developed. Whether it had been living was ascertained but County Physician Wolfman will make a post-mortem to determine.

Mrs. McClellan stated that she knew nothing about the matter and was not aware that her garden had been invaded until the police started investigation.

Coroner Kose stated that the inquest will be continued until a complete investigation is made.

### NEW PATTERN HATS ON SALE THIS WEEK AT HERMAN'S

#### "THE GREAT LOVER" A COMING ATTRACTION

That changing conditions in the country are bringing about changed conditions in the theatrical business was brought to light yesterday by the arrival in town of Robert Hunter, the first of three advance agents in charge of the tour of Mr. Leo Dietrichstein, the brilliant artist who will appear at the Grand theater on April 5th in his world famous play "The Great Lover."

Usually there is but one advance representative even for the biggest stars and attractions and at the most two but in the case of Mr. Dietrichstein there are three. The reason for this, it was explained by Mr. Hunter after a conference with Manager Wright at the theater regarding Mr. Dietrichstein's local appearance, is that nowadays, unlike former times, so many preliminaries have to be disposed of before a performance can be given that one man is unable to discharge his duties satisfactorily. To the advance work for Mr. Dietrichstein's tour in "The Great Lover" which will embrace every city of consequence from the Atlantic to the Pacific coast is divided up into three divisions.

To Mr. Hunter, the first man on the scene, is assigned the job of arranging the railroad movements of the company and the baggage cars with scenery and effects from the preceding town, and after their performance here to the next stand. He also contracts with the transfer company for the hauling of the scenery to and from the railroad station, arranges the scale of box office prices with the local management, lays out the advertising and billing campaigns and disposes of other details of this nature.

Any one having low lots or driveways can have them filled now very cheaply, and also any other yard collections not coming under the garbage ordinance will be hauled for you at the lowest possible price. If your ashes and cans are in the cellar, the contractor will furnish a man at a low price to carry them out for you and so insure a speedy removal. You have paid for this service and you will get it, but you must have patience, for the contractor to catch up with the city's immense ash pile as it now is.

Signed:  
T. H. BUCKTHORPE,  
Contractor.

#### FAMOUS NEW YORK REVUE COMING SOON

Final arrangements have been completed for the engagement here at the Grand theater, Friday evening, March 24, of the Marcus Show in its big musical revue, "Cluck-Cluck." This travesty of gay New York life during the past season will be presented on a scale of magnificence equal to any of the extravaganzas produced within the past ten years. Manager Marcus, who has established a reputation for lavish expenditure in making his productions, has left nothing undone in staging "Cluck-Cluck." Twenty-four gorgeous scenes, fifteen big changes of costumes, fifteen big vaudeville acts offer complete opportunity for the display of theatrical skill.

The company has a personnel of nearly a hundred, headed by the very popular little comedian, Charley Abbot, whose name is known throughout the realm of fun making. He is ably supported by such well known vaudeville headliners as "The Runaway Four," a quartet of acrobatic dancers, said to be among the highest salaried dancers on the stage. These are only a few of the clever people the company includes.

### NO HEARING HAD IN ZACHARY CASE

It was the expectation that a hearing would be had yesterday on the application for the release of Samuel T. Zachary on bail. Mr. Zachary, who is charged with murder, was in court attended by several members of his family. However, the Pires case had precedence and there was no opportunity for the Zachary hearing.

Judge Jones was unable to indicate when the hearing can be had. Affidavits were filed recently by attorneys for Mr. Zachary asking that he be admitted to bail on the ground that he acted in self-defense when he shot and killed Luther Crawford, and further because of the serious condition of the defendant's health.

### MONEY SENT TO AID IN NEAR EAST

Morgan County Has Made Contribution of \$400 Toward Special Relief Fund.

Morgan county has sent \$400 as a contribution for the aid of helpless women and children in the Near East. The contributions were in the hands of E. E. Crabtree as treasurer and his resistance to the Illinois headquarters of the campaign committee has recently been acknowledged.

That money is greatly needed is indicated by the fact that all the managing directors who are overseas have cabled for additional funds in order to meet emergency cases. This movement to aid the starving is bringing about good results and there is great need for large additional funds.

The Near East Relief, which has been incorporated by Congress to operate in Armenia, Syria and Turkey, is authorized to raise \$15,000,000 this year for its work, which is limited to women and children. Of this amount Illinois is expected to raise \$1,000,000 before June 30. City and town people are being asked for cash while farmers are asked to contribute of their surplus grain which will be credited to the respective county quotas for its full cash value at the point of shipment. This value is greater than its market value. Cash contributions may be sent to the treasurer of the Near East Relief in each county or to the Illinois headquarters at 39 South LaSalle street, Chicago.

### NEW TRIAL DENIED TO ELLSWORTH PIRES

Judge Jones Saturday Declared That No Error in the Record Had Been Shown to Justify Setting Aside the Verdict—Sentence Passed and Defendant Ordered Committed to Southern Illinois Penitentiary.

In the circuit court Saturday Judge Norman L. Jones overruled a motion for a new trial in the case of Ellsworth Pires, recently found guilty of the murder of James Gaddis. The judge then sentenced Pires to serve in the penitentiary for a period of 30 years in accordance with the jury finding. The court provided that the attorneys for the defendant shall be allowed 40 days for the filing of a bill of exceptions, if they should decide to take an appeal to the supreme court. Pending the filing of such a bill the defendant will be subject to bail and the amount fixed was \$15,000.

Arguments in support of the motion for a new trial were made by William N. Hairgrove and J. G. Frimemyer. At the conclusion of their arguments, the judge did not call upon State's Attorney Robinson for a statement. Instead, he reviewed briefly the statement made by counsel for the defendant and then stated that in his opinion nothing had been shown to indicate any error in the record, and therefore there has been no showing whereupon he could be expected to enter an order setting aside the verdict and for a new trial.

One of the claims upon which the attorneys for the defense laid stress was that certain instructions to the jury were misleading or prejudicial to the interests of the defendant. They maintained that the jury had not given proper weight to the testimony of the defendant himself.

In the statement preceding his decision, Judge Jones said that it is a highly important matter that a jury be both fully and accurately instructed as to the law applicable to the case under consideration.

### Jurors Not Law Experts.

The jurors are judges of the law theoretically only, for if jurors were judges of the law there would be no excuse for instructions. He said further that if jurors were properly accounted judges of the law they would know also about the propriety of questions asked from witnesses. The thought of the court was that a statement that jurors are judges of the law and the evidence is merely a fiction—that the rule is obsolete which suggests that such power is theirs.

In this case the judge said that it was the effort of the court to give instructions that were entirely applicable in the case in the light of evidence presented at the trial.

The court said that the instruction with reference to the interest of the defendant was not overruled and that the instruction was phrased in language which has been used many times and again by the supreme court. It is proper, he said, under this ruling for instruction to be given calling attention to the self-interest that the defendant has in his testimony altho it would not be proper to seek to intensify that interest.

### Court Cannot Reduce Sentence.

The argument had been made by attorneys for the defendant that the sentence of thirty years was excessive and that under the evidence there should not have been a finding of anything other than manslaughter.

Judge Jones explained that even if he agreed with counsel that the sentence was heavier than the crime merited, that it would not be within his power to reduce the sentence. He pointed out that the law fixes the authority of juries in this matter, and outlines the range of sentences that can be imposed in the light of the evidence as the jurors see the case.

The court said that he would readily admit that 30 years is a tremendous penalty, but said that the law fixes severe penalties for the punishment of crime.

The court then said that he could see no error in the record and would in any way justify a ruling to set aside the verdict and for a new trial. As the defendant stood the court then passed sentence fixing the punishment at 30 years in the southern Illinois penitentiary at hard labor and further ordered the defendant pay the cost of the suit.

### ALEXANDER WOMAN INJURED BY FALL

Miss Kit McCarthy Sustains Broken Ribs When Thrown From Buggy Saturday—Other Alexander News Items.

Alexander, March 18.—Miss Kit McCarthy met with an accident Saturday afternoon which resulted in three broken ribs and other injuries. Miss McCarthy was driving to Alexander from her home about three miles south-east of town when her horse stumbled and fell and she was thrown over the dash board of the buggy. She was given the necessary medical attention. The injury is a painful one and will keep Miss McCarthy at home for some time to come.

Among Saturday visitors to Jacksonville were Ben Davenport, Mr. and Mrs. C. H. Beerup and Mrs. J. W. Relf.

Mr. and Mrs. Hilding Mattson, who reside near Jacksonville, were Alexander visitors Saturday. Mrs. Fred W. Neal is quite ill at her home here. Her mother, Mrs. Baker, of Scottville has been summoned to her bedside.

James Martin, Dorey Martin, Murray Martin and James Martin were in the city from the north part of the county Saturday.

## FARMERS OPTIMISTIC OVER OUTLOOK FOR FARMING INDUSTRY

E. R. Buck, President of Lee County Farmers' Institute, Looks for An Early Improvement—Past Two Years Were Most Disastrous in Last Century for Agriculture

(By The Associated Press)  
FRANKLIN GROVE, Ill., March 18.—Optimism over the "general outlook for agriculture in the not far distant future," was expressed today by E. R. Buck, president of the Lee County Farmers' Institute, although he declared that at present the "farmers' problems are legion."

"The past two years are the most disastrous years agriculture has seen in a century," Mr. Buck said in response to a query as to the farmers' outlook, continuing, however, "we now have much to inspire us in the belief that we have come to a time, when the prediction of better things for agriculture are not unwarranted."

"A careful analysis of the situation, as it is now shaping up is indeed encouraging. The prospect of the much discussed St. Lawrence waterway becoming a reality will make Chicago a foreign port, and the largest city, and this, the richest agricultural section in the world."

"This, together with the fact that agriculture is for once gaining recognition in our legislative halls, and that the farmers are learning to co-operate as never before, causes me to believe this is 'morning on the farm.'"

Cooperative marketing of farm products was stressed by Mr. Buck as movement of great value to both the farmer and the consumer.

"We need to eliminate a vast army of middlemen," he said, "for I believe the obligation of putting the foodstuffs we raise in the hands of the consumer, with the least possible waste and least possible expense is just as sacred an obligation as producing it in the first place."

"We advocate stop crying at the market places about prices, for low prices are not a defeat but

## QUINCY RESIDENT IS CALLED TO BLUFFS

Mrs. Henry Daniels Arrives to Assist in Caring for Daughter, Who Is Ill—Other Bluffs News Items.

Bluffs, March 18.—Mrs. Henry Daniels of Quincy has arrived in Bluffs to assist in caring for her daughter, Mrs. Chloé Albright. The latter has been seriously ill of pneumonia but is now convalescing.

Dr. J. H. Stewart, accompanied by Frank and Cool Stanton and John Adkins went to Jacksonville Thursday night to assist in organizing a post of the Spanish-American war veterans. They returned at midnight after having spent a very delightful evening.

Mrs. H. C. Finney of Jackson, who spent Saturday and Sunday with her husband at their home in town.

Mrs. Lee Baird was a visitor in Hannibal Thursday.

Dr. C. A. Evans and little son, Rex, enjoyed a few minutes flying a kite in the field west of town Thursday afternoon.

A. W. Baird, who has been critically ill for several weeks, will soon be out again.

## RETURN FROM TEXAS VISIT

Mrs. J. W. Sperry and Mrs. L. R. Crawford have returned from a visit of two months in Galveston and Houston, Texas. While there they were guests of Mr. and Mrs. Walter W. Gollra.

Robert Megginson of Woodson was a visitor to the city Saturday.

Mr. Buck said that all the farmers want is a "decent margin of profit over cost of production so that agriculture can once more be on a sound basis financially. It has been impossible to make a decent interest rate on our investment, to say nothing about being remunerated for our labor during the last two years." He also as-

serted that many of his "formerly prosperous neighbors are discouraged and vow that unless prices of farm products improve this year they will quit and move to town."

The predominant crops of his community, Mr. Buck said, are corn, oats, rye, wheat, clover and beans, corn taking the lead. "We are reducing our corn acreage this year and did last year, twenty per cent," he said. "We cannot continue producing corn and sell it at less than the cost of production indefinitely without our financial ruin."

"The worst conditions are found to be in Arizona and New Mexico. Manufacturers and merchants cannot expect to sell many goods in these States during 1922. All money which these people get they must use for paying their bills. Being a director of a large and company operating in these States, I know that many of these stock raisers have not the funds with which to pay for the rent of their lands. Of course, it is very sad that these men will not save money during good times for certainly they made great profits only a few years ago. However, the only business thing to do is to extend credit to these people. They come up quickly as they go down quickly. They some day will be making money again and will loyally remember those who have been lenient to them during this period of stress. Moreover, the condition of the range is fair and 1922 may be a good rainy year."

"One of the important industries of the Mountain States is lumbering. Like mining and stock-raising, however, lumbering also is very dull. There has been a great drop in the price of lumber at the mill like the price of everything else. There is no immediate outlook for higher lumber prices. The lumber people, however, are greatly reducing their operating expenses. Labor has been cut 50 per cent in many sections and the efficiency of the men is much greater. The Polish element which so upsets the camps a few years ago has largely subsided. The entire labor situation has greatly improved. Building, however, will pick up and the demand for lumber will increase. More lumber should be sold in 1922 than was sold in 1921. Hence lumber people should keep their organizations together and not get discouraged. One thing is certain, timber is growing all the time. This means that the tracts will gradually become more valuable. Everytime I take a trip through the country I am astonished at the fewer and fewer forests that remain."

"The brightest spots are those sections where oil is being found. In nearly all these Mountain States there are certain sections where oil developments either exist or are contemplated. The very act of boring for oil creates a temporary prosperity. As people come into the territory a demand for supplies and labor is created while a general optimism pervades the community. If oil is finally discovered this means a real new source of wealth. These towns where oil developments are being carried on are the ones that salesmen should seek. For this reason Texas, Oklahoma, and adjoining territory were for some time the most prosperous of the Southern, Western or Mountain

## BABSON DETECTS BRIGHT SPOTS IN MOUNTAIN STATES

WATERPOWERS TO CREATE WEALTH

Continuing his personal survey of business conditions throughout the country Roger W. Babson, economist, furnishes the following exclusive statement to the Jacksonville Journal on conditions in the Mountain States.

"Up to recent weeks one could not honestly write optimistically of conditions in the Mountain States. Conditions now look better, however, from several angles. With the exception of Colorado the situation is pretty spotty. The emergency tariff is helping to some extent the wool growers, but all stock raisers have been obliged to take tremendous losses on their herds, the banks in Montana, Southern Idaho, Wyoming, Eastern Colorado, Southeastern Utah, Northern Arizona and Eastern New Mexico are forced to renew nearly all their paper and are very fortunate to get interest. The situation is rapidly righting itself, however, and from present indications stock raisers and wool growers will get very favorable prices for the products this year. Their position will also be strengthened by reduced operating expenses and by avoiding speculation."

"The mining situation was exceedingly dull thruout 1921. The copper mines of Utah and Arizona have been almost completely shut down, while the lead, silver and other mines have been running at a very low ebb. The only activity has been in the coal and iron sections of Colorado due to the persistent operation of the Colorado Fuel and Iron company. Today there is not on hand the tremendous stock of copper that there was a year ago. I really believe that the copper situation has turned the corner and is bullish both on the price of the metal and the price of the good copper stocks."

"Zinc and lead have not progressed so far in readjustment as copper. Gold production is at a very low level on account of the mail purchasing power of the metal in terms of other commodities. Favorable Congressional action, in the form of a bonus, may help the gold producers, but this is problematical. The silver situation is much better, owing to the sustaining influence of the Pittman Act, which provides for the purchase of 271,000,000 ounces of new domestic silver at one dollar an ounce to replace a similar amount in silver dollars melted down during the war. It will take several years to complete these purchases. Most producers obtain silver as a by-product of copper, gold, lead and zinc. Hence the favorable factors surrounding silver will be overshadowed in most cases by the weakness in other metals."

"The worst conditions are found to be in Arizona and New Mexico. Manufacturers and merchants cannot expect to sell many goods in these States during 1922. All money which these people get they must use for paying their bills. Being a director of a large and company operating in these States, I know that many of these stock raisers have not the funds with which to pay for the rent of their lands. Of course, it is very sad that these men will not save money during good times for certainly they made great profits only a few years ago. However, the only business thing to do is to extend credit to these people. They come up quickly as they go down quickly. They some day will be making money again and will loyally remember those who have been lenient to them during this period of stress. Moreover, the condition of the range is fair and 1922 may be a good rainy year."

## FORUM WILL DISCUSS ZONING PLAN FOR CITY

Meeting Will Be Held March 30—Well Known Speakers to Be Secured.

The Chamber of Commerce is making arrangements for the next forum meeting to be held Thursday evening, March 30th. The subject for discussion at the meeting will be "A City Plan for Jacksonville," or zoning laws for the city. It is planned to secure two or more out of town speakers for the occasion, and these will be chosen from a list of four people who are authorities on the subject of zoning. Harlan Bartholomew of St. Louis, Warren F. Hardy, editor of the Decatur Herald and chairman of the Decatur city plan commission, Marion Howard West of Chicago, president of the American Park Builders' Association, and C. B. Ball of the Chicago health department are among the speakers who will be considered. It is planned to hold this meeting on Thursday in order that one speaker may address the Kiwanis club Thursday noon and the Chamber of Commerce at night. The other speaker will address the Rotary club on Friday.

The members of the Jacksonville Woman's club will be asked to attend the meeting in order that they may also become interested in the city plan. The Chamber of Commerce has taken this matter up at the request of the Public Affairs committee of the Kiwanis club, who after consideration of the project decided in favor of a city plan commission but referred the matter to the Chamber of Commerce for action.

Within the last few years many cities in the United States have taken up the matter of zoning and city planning, and the movement has met with great success wherever the laws have been put into effect. A city plan involves a system of control of city building, factory districts, freight yards, grade crossings, the laying out of new districts and other regulations which bring about an ordered city organization which tends to improve the city both from the standpoint of living conditions and civic beauty. One of the first things that a zoning commission does is to ascertain what the prevailing direction of the wind is in a city. The factories are then placed in the opposite district so that the smoke will blow away from the residential district. The members of the commission go over the situation and decide which part of the city shall be set aside as the factory district and which the residential where apartment houses may be erected; see that in opening up new sections that the streets are of a certain width and that the houses are set a certain distance from the street.

Springfield now has under consideration a city plan commission and the Chamber of Commerce has had several forum meetings concerning the matter. Decatur has already adopted a plan and it is working out with unusual success. Bloomington, Champaign, Kankakee and other cities in Illinois have plans under consideration. Zoning of a city plan commission contributes materially to the growth of a city and is one of the most modern and practical methods of municipal improvement.

"Compared with conditions a few years ago, the corn belt of the central west shows up worst on the Babsonchart of any section of the country. The reason for this is largely owing to the great prosperity which the corn belt enjoyed during the war. Actually, however, the conditions in the central Western States are not so bad as in the Mountain States. Moreover, their recovery should be more rapid. While impossible to honestly write optimistically regarding present conditions in this section, the future looks better. Stockraising, lumbering, mining and the beet sugar industry are all at a very low ebb. Yet the storm is continually moving westward and these are all industries which will quickly recover when the turn comes. Hence, banks and other creditors should be patient. Those who are dealing with honest people should not lose any money. Moreover, those who are not willing to extend new credit to these sections may some day be greatly rewarded for their courage."

"The index for the Babsonchart shows some improvement this week. Business stands at 12 per cent below normal, compared with 13 per cent a week ago. This improvement is encouraging and indicates that the seasonal weakening which should be expected during the early spring months."

## PASSION PLAY WILL BE GIVEN FIRST POST WAR PRESENTATION MAY 14

Great Preparations Being Made in Oberammergau to Care for the Visitors During the Summer—Reconstruct Theater Which Will Seat 4,300—Feeding Guests Problem

(By The Associated Press)  
OBERAMMERGAU, Bavaria, March 18.—Preparations for the first post-war revival of the Passion Play have progressed sufficiently to enable the committee of elders to announce that the final dress rehearsal will be held May 9. The first regular performances will be given on May 14.

Thirty-five thousand applications for seats and sleeping accommodations already have been received from abroad and, while the local management has not yet received indications as to the extent to which Germans will patronize the productions of the play, it assumes that German attendance will more than quadruple the foreign patronage. Anticipating an unusual influx of visitors in July and August, the management has decided to give Wednesday performances during these months.

Economic conditions have obliged the village elders considerably to amplify their directing staff, not so much as concerns the production of the play as to solve the problem of accommodating thousands of visitors for whom the comforts and conveniences of travel before the war are not now available.

The conditions under which the play will be reviewed this year have shocked the rural simplicity of these peasant play producers and, while determined to prevent the sacred enterprise from becoming base commercialized they are now beginning to realize that the war's aftermath has produced an economic environment which they are compelled to reckon.

The municipality of Oberammergau has preemptorily rejected a proposition that it levy a tax on foreign visitors which, it deems, would be out of harmony with the origin and traditions of the play and also would conflict with the purpose of the present revival which is regarded as one way of achieving reconciliation between Germany and the other nations. The town fathers, however, announced that they have been forced to assume a considerable initial expense in preparing for the production, reconstructing the theater which will seat 4,300 spectators and in providing costumes. Oberammergau also is sadly in need of municipal improvements to give the village a presentable appearance when the first guests arrive. A new church bell alone called for an outlay of 170,000 marks while repaving on the main streets has cost almost as much.

Happet Stakes its Existence.  
All told, this hamlet which, in peacetime, had a budget of insignificant proportions already has staked its municipal existence on the outcome of this year's productions.

Oberammergau will be able to furnish accommodations for one thousand visitors who prefer to sleep in the village in order to be on hand for the early opening performance. Oberammergau, close by, is arranging quarters for 1,500 others, while the well known convent of Ethal, half an hour's travel distant, is preparing to install 500 emergency cots. Thus the management of the play believes that it will be amply able to accommodate the overflow of visitors.

The problem of feeding the guests is more intricate and to solve it the elders have appointed a commissary department which will co-operate with the Bavarian Food Controller and co-operative society of Regensburg.

Such rebuke awaits the profiteer who should attempt to conduct a lunch stand here in defiance of established regulations or violate fixed price schedules. In fact, illegitimate dealers and

## GULBRANSEN The PLAYER PIANO

Piano or Player Piano  
I've got the neighbors  
guessing.

"I've slipped something over Jim Watkins and Ed Powers—the poor old fossils!"

"There they go now—home from work. Look! They're listening and wondering who's playing."

"Jim always asks: 'Who plays so well at your house?' He won't believe it's I. He knows I never took a lesson in my life. I'll have 'em both over some night and open their eyes."

"Pedalling the Gulbransen is so easy and natural—no effort. And the 'Pedal Touch' so responsive! I accent this or that note—I bring out a volume of tone, or subdue the music to a faint whisper. I play anything well."

"Who's my teacher? That's easily answered—Gulbransen Instruction Rolls!"

You, too, can learn to play well, in an incredibly short time, with the help of the exclusive Gulbransen Instruction Rolls. Obtainable with no other player-piano.

You'll never believe you can do it until you try the Gulbransen for yourself. For quick proof put it to the test.

**MADAME SAPIO NOTED SINGER**  
Madame de Vere Sapiro, soprano who will be heard at Illinois Woman's College on April 21st, is as famous for her singing of sacred music, as for her secular work. She was at one time the highest paid church singer in America and earned for herself the title of "The Patti of the Church."  
Madame Sapiro recently renewed her former association with the Oratorio Society of New York, singing the difficult Mass in D of Beethoven at a few hours' notice, and at a time when no other artist could be found to undertake the performance. Among the New York churches which have heard her are, St. Patrick's Cathedral, St. Bartholomew's, Ascension church, the old St. Thomas and All Saints church, Brooklyn.  
The ever-increasing number of her vocal students is partly due to the public success of many of the young singers. Among these may be mentioned, Jeanne Gordon and Grace Bradley both of the Metropolitan Opera company, New York City, the former now well known all over the continent. On the program will be some songs by Signor Romaldo Sapiro, who is arranging special violin obligatos which will be played by Miss Horsburgh. The full program will be published later.

**COLLEGE OF MUSIC NOTES**  
Miss Louise Miller sang a group of Irish songs at the Kiwanis luncheon Thursday, March 16.  
A double octette and soloists from the Glee club under the direction of Miss Miller will give a program at Winchester March 23d under the auspices of the High school. They will also go to Greenfield on April 3d, under the auspices of the Woman's club of that city.  
Mrs. and Miss Horsburgh and Miss Olga Sapiro are spending the week end in Chicago on business and pleasure. They expect to attend the Bayer-Casals concert on Sunday afternoon.  
Miss Benlah Tull, pupil of Miss Miller, sang before the Woman's club of Lincoln, Ill., on Wednesday, March 15; also at the Commerce club luncheon on Thursday, March 16th.  
There will be an advanced students recital at Music hall Monday evening, March 20th, at 8:15. Voice, violin, piano and organ pupils of the following teachers will appear: Miss Miller, Mrs. Forrest, Miss Horsburgh, Director Pearson, Miss Melus and Miss Kirby. The public is cordially invited to be present.  
Mrs. Forrest sang a group of solos at the assembly of the Jacksonville High school Thursday morning.  
Misses Alma Melus and Margaret Morris returned to Chicago Friday night. Beside the recital they played in Music hall Thursday evening, they appeared in concerts at Virginia under the auspices of the Community club, and at Waverly under the auspices of the Senior class of the High school. Saturday afternoon they play in Kimball hall, Chicago. Both young ladies made profound impressions in every recital by virtue of their artistry, poise and unusual talents.  
The possibility of a family, all the members of which are distinguished by rare musical ability, has become biological commonplace. Rarely, however, has it been realized, and even less frequently organized into a source of genuine musical delight. The Zoellner Quartette, to be heard in this city at Music hall on March 27, is one of the few exceptions. Its members include the father, daughter and two sons. If any one of these attracts public attention rather than the other, it is the daughter, Antoinette, who fills the post of first violin. Her performances in this responsible position have earned the enthusiastic commendation of the best judges.

**ILLINOIS COLLEGE NOTES**  
When the Endowment Campaign was started two years ago the students and faculty were the first to give, setting a fine example to all friends by contributing over \$7,000 as a starter in the big drive. At the chapel exercises Friday additional pledges amounting to \$3,125 were added to the fund. The generous way in which the students entered into the spirit of the occasion was proof of their interest in "Old Illinois." Such loyal support as was shown by the students will help greatly in bringing the campaign to a successful completion.  
A Spanish club has been organized at Illinois college recently. Their programs are given entirely in Spanish and all conversation is in Spanish. The officers of the club are Mary Alice Pierce '22, president; Lester Cornick '24, vice president; Margaret Johnson '24, secretary; and Ellsworth Scott '25, treasurer.  
The Y. W. C. A. held a very interesting meeting Monday afternoon. A short talk was given on the life and work of each man; among them were Dr. Alfred E. Day, '88, a professor in the Syrian Protestant college at Beirut, Syria; Dr. Julian S. Wadsworth, '81, in reconstruction work in France; The Reverend Charles M. Eames '04, a missionary in Shantung, China; the Reverend Melville T. Kennedy '40, in association work in India; and Wayne Gard '21, an instructor in the high school in Rangoon, British India.  
A booklet on "Homesteading" has been written by Fred Bray '20, and a copy will be on record in the College library soon.  
The joint debate between Phi Alpha and Sigma Pi will be held Monday evening. The subject of the debate is "Resolved: that the principal of the closed shop in industry is justifiable."  
Men will be agreeably surprised with the prices quoted on Spring Hats by FRANK BYRNS Hat Store.  
**ATTEND CHICAGO ALUMNI BANQUET**  
A number of Jacksonville men went to Chicago yesterday to attend the banquet of the Chicago Association of Illinois College Alumni. Dr. Edward Capps of Princeton University was the speaker for the occasion. Among those who went were Dr. Carl E. Black, G. H. Scott and President C. H. Rammelkamp.  
Robert Mackin of St. Louis is spending the week end in Jacksonville visiting friends.

The Fordson, as an all-around tractor, is the best tractor on the market. It is simple and easy to manage. The Fordson, in the long run will out work the big tractor, at half the expense. If used right, the Fordson tractor will out work eight horses and save more time and money than eight horses, and with the tools will do the work twice as well.  
J. A. Cully, R. 5, Jacksonville, Ill.  
I think the Fordson tractor is one of the most practical tractors on the market, for the average farmer, as it is light, quick, and powerful. You can plow closer to the fences than with horses. It is quick and handy for any number of jobs on the farm.

## THE LIFE STORY OF MARK TWAIN

Mark Twain's masterpiece,  
"Connecticut Yankee in King  
Arthur's Court" has been made  
into a motion picture by William  
Fox, known to the multitude of  
Mark Twain lovers as "The Yan-  
kee," this story is regarded not  
only as a great classic of Ameri-  
can humor, but also as a forceful  
satire directed against those who  
sigh for the "good old times."  
Mark Twain set out to show that  
the world we live in is the best of  
all possible worlds and the time  
we live in is the best of all possi-  
ble times. The following story is  
to be seen at Luttrell's Majestic  
Theater for three days beginning  
Monday, March 20.

How to present on the screen  
with that marvelous spirit of fan-  
tastic humor in which Mark  
Twain conceived it, the moving  
array of a gorgeous colored story,  
this was the task that confronted  
the makers of "A Connecticut  
Yankee in King Arthur's Court."

The result is a vivid realization  
of the opportunities presented and  
as the spectator sits in his theatre  
chair he is carried, in a twinkling,  
from the rich appointments of a  
luxurious Connecticut home of to-  
day back into the picture of pau-  
perly medieval pomp and display.

And to him the spectacle of  
knights in armor, men and ladies  
in waiting, combats in tournament  
and deeds of chivalry and valor, is  
presented through the eyes of that  
laughter-loving, slang-slinging,  
hard-shelled product of Twentieth  
century civilization, the Connecti-  
cut Yankee, whose breezy person-  
ality pervades and dominates the  
entire scene. We root for him, fear  
for him, fight for him and love  
with him—for through him the  
spirit of Mark Twain speaks again  
for all humanity and for common  
sense and fair play.

"Mark Twain" was the non-de-  
plume used by Samuel Clemens.  
From early boyhood he heard the  
words echoed up and down the  
Mississippi river. By the mark-  
twain—meaning two fathoms or  
twelve feet of water—"safe wa-  
ters for the pilot"—a welcome  
sound for the pilots to hear—so  
Mark Twain (Samuel Clemens) in  
this great message for Democracy  
pilots his readers through "safe  
waters."

Mark Twain was born Novem-  
ber 30, 1835, in Florida, Missouri,  
a few miles from Hannibal, Mo.  
At this time the Mississippi river,  
the great thoroughfare of the west  
and St. Louis with its boated pop-  
ulation of ten thousand were  
reachable only after days of travel  
over what was probably as  
wretched roads as any in the  
world.

The Clemens family moved to  
Hannibal, where Mark Twain  
spent his boyhood days. His ad-  
ventures on the Mississippi river  
in the cave, etc., laid the founda-  
tion for Tom Sawyer, Huckleberry  
Finn and Life on the Mississippi.  
At the age of twelve years, his  
school days were over and it was  
necessary for him to go to work  
to help support his widowed moth-  
er.

He began as a printer at the

Hannibal Courier, later he worked  
at the Hannibal Journal. At the  
age of 18 he worked on the Even-  
ing News in St. Louis. When he  
earned enough to pay his fare  
to New York he set out for the  
metropolis, thus beginning a life  
of travel and writing that carried  
him to all parts of the world.

At the end of May, 1902, Mark  
Twain was summoned by his na-  
tive state to receive the degree of  
Doctor of Law from the Universi-  
ty of Missouri. It was on the  
4th day of June, he received this  
degree, when he was introduced  
as "America's" foremost author  
and best loved "citizen." At this  
time he visited Hannibal and all  
his boyhood haunts; while there  
he attended the High School Com-  
mencement and presented the di-  
plomas, in his own way, say-  
ing "Take one, pick out a good  
one. Don't take two, but be sure  
you get a good one." Returning  
to St. Louis he was invited to at-  
tend the re-christening of the har-  
bor boat. It had been named the  
"St. Louis." It was now to be the  
"Mark Twain." So it was that  
great river, in that last meeting,  
joined in according him honors.

In June 1907 Mark Twain re-  
ceived from Oxford University the  
Literary Doctor's degree—the lit-  
tle barefoot lad who had played  
along the banks at Hannibal—  
whose mightiest ambition had  
been to become a river pilot—had  
received the highest recognition  
for achievements in the world of  
letters.

England never gave a more  
splendid welcome to any private  
citizen; the demonstration of af-  
fection and honor, which began  
with the moment of his arrival did  
not cease while he was upon Brit-  
ish soil. He was received with  
special favor at the King's garden  
party; he traveled by royal train;  
crowds gathered everywhere to  
see him pass. At Oxford when he  
showed himself on the streets, the  
name Mark Twain ran up and  
down like the cry of fire and the  
people came running. When he  
appeared on the stage of the Shel-  
donian Theater to receive his de-  
gree, clad in his doctor's robes,  
scarlet and grey, there developed  
suddenly what English papers re-  
ferred to as a cyclone—the shout-  
ing of the undergraduates for the  
boy who had been Tom Sawyer  
and played with Huckleberry  
Finn.

April 21st, 1910, Mark Twain  
passed away leaving the world a  
storehouse of literary wealth.

Mark Twain's name was placed  
in the hall of fame in 1920.

Mrs. W. S. Haxton has gone to  
Hot Springs, Ark., for a sojourn  
of several weeks for the benefit  
of her health.

## The Jewett Is Coming

ONE WEEK FROM NOW the new  
Jewett light six will be on exhibition  
at the Auto Show and we shall be  
prepared to accept orders for im-  
mediate or very early delivery.

We make this preliminary an-  
nouncement so that every local  
motorist may plan to see this re-  
markable car and arrange for a  
demonstration early in the week.

Up to now the Jewett has been  
displayed only at private exhibitions.  
But good news—important news—  
cannot be suppressed. That is why  
thousands of people are waiting for  
this car with an eagerness that is  
quite without precedent.

The word has gone forth that the  
Jewett is an astounding achievement  
in motor car value—a fine, high-  
powered six at a price that is little  
less than sensational. Though in-  
complete, that description fits the  
car with absolute accuracy.

What the public does not know  
is this; The Jewett is a very comfort-  
able five-passenger car with superbly  
beautiful body lines and every  
appointment that a critical man

could desire. It is equipped with a  
fifty-horsepower six-cylinder motor  
that will develop a speed of sixty  
miles per hour or throttle down to  
a snail's pace in traffic.

It is built on a specially designed  
frame that cannot sag or weave. Its  
springs are unusually long and flexi-  
ble. The body is hung close to the  
ground and perfect distribution of  
weight insures the calm, steady rid-  
ing qualities of an ocean liner.

Though very high powered and  
brilliant in performance, it is a miser  
on fuel consumption and will turn  
up amazing mileage on its over-  
size cord tires. Such, in brief, is the  
Jewett. And the price is \$1065  
f. o. b. Detroit.

Just now we will say no more.  
There are but seven days before the  
Jewett will be here to tell its own  
story as no words could ever tell it.

Come in at that time. See the car  
—ride in it—drive it—judge it from  
any angle that your experience sug-  
gests. Then, decide whether it is or  
is not the first real quality six at a  
quantity price.

### HIBERNATING DAYS ARE OVER

Yes, Hibernating Days are over and the Bears, Bees, Birds, Blossoms and Buyers of Automobiles have come out of their several places of repose, along with better prices of all farm products and "Old Daddy Dollar" is now seeking a new location, offering to accept a lower rate of interest and taking it all in all, we are glad we are alive and glad to get out of the old hole that we have been in for some time, and now as the days grow brighter come sing this song with me: Hibernating days are over, and happy we should be; we are going to buy an Auto and a Franklin it will be, for the Franklin has no water to bother with and freeze your radiator and make your motor crack and sneeze. It will run in the coldest weather, the hot, the wet and dry; it is made of the best material that good old money will buy; and when it comes to the price, it is neither Low or High.

The Franklin has no equal in the number of miles covered on a set of tires. In many cases 24 to 30 thousand miles will have been recorded on a single set of tires; 26 to 46 miles on a gallon of gasoline is the experience of many motorists. Wood Frame and Full Elliptical Springs guarantee easier riding qualities than any other Car. The Franklin is the only Air Cooled Car on the market, equipped with Full Elliptical Springs, Wood Frame, Aluminum Body, etc.

Think of it! No water to bother in winter or summer. The easiest car to operate you ever saw; making it the ideal car for ladies to drive.

I am not busy. Let me give you a demonstration. It does not matter where you want to go or how far The Franklin will take you there and bring you back Easier, Cheaper, Quicker and Safer than any car on the market today.

My Phone Number is 1764 and all you have to do is to call me up or come in and let me prove just what I say.

## BAPTIST WOMEN MERGE SOCIETIES

Pastors Aid and Missionary Society Combine—New Organization Known as Baptist Woman's Union.

Grandmother's hoop skirt would look strange on the woman of today, but many churches are adhering to the methods that were in vogue in the days of poke-bonnets. "Old things have passed away, and behold all things have become new," are words that are found in an old Book that is always new. Believing this to be the case in this good year of our Lord, 1922, the women of the First Baptist Church of Jacksonville, Illinois have decided to be up to date.

Some years ago it was customary for a church to have one organization for Home Missions and another for Foreign Missions. This system has long since been abandoned, and one Society covers the entire Mission field.

Now comes a new day. Why have two organizations of the women of the church, one known as the Pastor's Aid and the other as the Missionary Society? Should one group of women be educated in "serving tables," and another group in serving World Fields, or could there be a combination of groups, by which "Mary" and "Martha" may learn to work for one common interest? In keeping with other up-to-the-minute churches, the women of the First Baptist church have decided to try this plan out for one year, and accordingly have consolidated the Pastor's Aid and the Missionary Society into what is known as the Baptist Woman's Union.

This organization meets twice each month, on the first and third Wednesdays in the lecture room of the church. The first part of the session is devoted to business, the second part to Missionary study and the third part to White Cross work. Bazaars and suppers for profit have been canceled for the year, as is now being done in hundreds of modern churches throughout the country. All monies received are free will offerings. The results so far are most encouraging, and promises to be more so as members adjust themselves to the changed conditions. The officers for the year are:

President — Mrs. Jeanette L. Ogden.  
First Vice-President — Mrs. C. O. Swift.  
Second Vice-President — Mrs. E. O. Mayer.  
Third Vice-President — Mrs. A. B. Williamson.  
Recording Secretary — Miss Elizabeth Long.  
Corresponding Secretary — Mrs. M. R. Range.  
Treasurer — Mrs. Elizabeth Stevenson.  
Asst. Treasurer — Mrs. Dennis Schram.

The program for the year is as follows:

April 5. Topic—A Vision of Springtime; leader, Mrs. Dennis Schram.

April 19. Topic—Our Own Illinois Girls on the Home Field; leader, Mrs. J. F. Shreve.

May 3. Topic—Centers of Influence; leader, Mrs. Jeanette Ogden.

Against Better Judgment  
of Service Man

First Cost Looms Big, But Final Cost of Doing Work  
Again and Doing it Right Frequently overlooked

The owner who does not care what a job costs is a  
rare article.

When you take your car to a garage to have work  
done, do you see the man in charge and present your  
version of your trouble? Do you take the pains to  
look into the personnel of the mechanics, and the na-  
ture and style of equipment available to do the work  
on your car?

The servicing of various makes of cars is not a "hit

PAIGE

The Most Beautiful Car in America.

THE Paige 6-44 is a smaller brother of the famous  
6-66. There is a difference in power, wheel base,  
seating capacity and price. But both cars have one  
thing in common—the spirit and beauty of a Kentucky  
thoroughbred.

To merely look at the 6-44 is a pleasant experience.  
But to drive it, to tap that mighty reservoir of fifty  
horse power, to sink back in the cushions and feel the  
gentle sway of perfect spring suspension—these are  
things that mean the real thrill of living.

Surely you are entitled to a *good* motor car when it  
means so much in health and happiness. The 6-44 has  
always been good, but this year it is much better than  
ever. And at the greatly reduced price of \$1465, where  
can you find a sounder, safer investment?

**TRADING LIGHT ON**  
**BOARD OF TRADE**  
By Associated Press.  
CHICAGO, March 18.—Fifteen fluctuations marked the trading on the Chicago Board of Trade today. Trade was light and prices were inclined to sink but in the last fifteen minutes forced covering by wheat shorts sent cereal up so that net gains of 1/2 to 1 1/2 were registered. Corn finished 1/2 to 3/4 lower, oats were off 1/2 to 3/4, hard lost 2 1/2 to 2 3/4 points and ribs from 10 to 20 points.

Lack of outside buying was the chief trouble with wheat. At the outset the bullish close at Liverpool brought only moderate rises. In the succeeding apathy reports of improved import inquiry and of domestic mills buying had little effect but at one stage on eastern account buying credited to a Chicago professional who is in Florida served to start similar transactions here and the high point of the day was registered.

Local traders showed a fondness for getting out of May and into July. With country roads broken up corn receipts were small but only local trade was in evidence and prices averaged generally lower. Shipping demand was slow. A small decrease in the visible supply of corn was forecast for next week. Oats conditions paralleled corn.

Provisions prices held up well in the fact of light trade and an easier market for live hogs. Commission houses were inclined to buy and there were reports that the Russian relief had purchased a million pounds of compound lard.

**East St. Louis Livestock**  
By Associated Press.  
East St. Louis, Ill., March 18.—(U. S. Bureau of Markets.)—Cattle—Receipts 150; compared with week ago: Beef steers, beef cows and yearlings 50c lower; canners and cutters steady to 25c lower; hogs 50c lower, veal calves 50c to 75c lower, stockers and feeders 25c to 40c lower.

Hogs—Receipts 3,500; active; 10c higher; top \$10.50; bulk 130 to 220 pound averages \$10.35 to \$10.50; one load strong weights \$10.10; pigs about steady; packer sows 15 to 25c lower; bulk \$8.50 to \$8.85.

Sheep—Receipts 200; receipts mostly direct to packers; compared to week ago: Fat lambs steady; sheep steady to 25c higher.

Mrs. Elmer Sidels and daughter Helen, and Mrs. Jane Fox and daughter Edith were listed among shoppers in the city Saturday from Chapin.

### WOMAN'S COLLEGE NOTES

Miss Janette Powell of the faculty, was a guest of the Woman's club of White Hall, Wednesday, March 15th, and read for them "The Melting Pot." The Seniors of the White Hall high school were guests of the club for the meeting. Miss Powell was also a guest of the high school in the morning and read for the students at that time.

Miss Ida B. Davis gave some readings at the Forum meeting of the Chamber of Commerce, Tuesday evening. They were much enjoyed by those present.

Dr. and Mrs. Harker left Thursday noon for an extended visit in California. On their way to California they will attend a meeting of the Kansas City Alumnae Association at the Woman's City Club, will be guests of the Denver Association at the Oxford Hotel, March 25th, and will be present for a meeting of the Alumnae in Los Angeles. Dr. and Mrs. Harker will visit their children in Berkeley for six or seven weeks and expect to return to Jacksonville the first of May.

The class of 1922 celebrated the anniversary of its Freshman Recognition on St. Patrick's Day, following the custom established by the class of 1918, whose colors and banner they inherit. After their entrance into chapel to the tune of "The Wearing of the Green" and singing the class song "Miss Carmen Dugger" invited the student body and faculty to follow the Seniors to the campus, where the class tree was planted. Miss Estelle Cover told the history of the spade presented by the class of 1883, and used whenever a class tree or ivy is planted, and for breaking ground for all new buildings. After the planting of the tree, Miss Dorothy Remely read "He who Plants a Tree" by Lucy Larcom. The program closed with the singing of the college song.

A very pleasing Expression Recital was given in Expression Hall Friday afternoon. The program was as follows:

The Last Hour  
The Penitents' Prayer  
The Lad and the Day

Ruth Gillman

A Crash Without—Margaret Kessler.

Benefits Forged—Mary Elizabeth Hedges.

The Imp and the Author—Verna Hieronymus.

Registrar Metcalf is in Bloomington attending a meeting of the Executive Committee of the bi-conference campaign organization. This committee has in charge the campaign during which it is proposed to raise considerable sum for the endowment funds of the various Methodist educational institutions in the Central Illinois and Illinois Conferences. From Bloomington Mr. Metcalf will go to Champaign, where on Saturday he will attend a meeting of the graduates and former students of the college who are residents there.

The annual gymnasium exhibition of the college was given in the gymnasium Monday evening, March 13. The demonstration was different in every respect to what it has been in former years, and was the result of faithful work and daily practice. Much credit is due for its success to the students who took part and to Miss Ford, head of the department.

The Freshman recognition services were held in the Chapel Wednesday morning at 10:00 o'clock. These services are an annual event and were very impressive in every respect.

Mrs. H. M. Bloomer of Memphis, Mrs. H. C. Munson of Rushville, and Mrs. L. E. Schroyer of New City, Kan., have been visitors at the college during the week.

### NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Collector

### SUNDAY SERVICES AT WOODSON CHURCH.

At the Christian church Sunday morning the pastor, Rev. I. H. Fuller, will have for his topic "The Lighthouse." In the evening the subject of the sermon will be "Which Boat are You In?"

The third payment (with 5% interest) on the Governor Joseph Duncan Memorial Tablets is now past due. Your prompt attention will be appreciated, as the memorial room will be completed in the near future.

One-Piece

## Porcelain Refrigerators

Come in and let us show you. Case work is all ash and you'll find many features of this wonderful Refrigerator of greater value to you than is found in the average Refrigerator. There are four models shown in our east window this week.

All Moderately Priced.
